## *Warranty Information*

### *ONE YEAR WARRANTY*

All labor and material on all **new** fixtures, faucets, water and space heating equipment, pipe and fittings, are guaranteed against defects in material and workmanship for one full year from date of job completion. Warranty is limited to new materials purchased from and installed by Paul Flaherty Plumbing and Heating Co., Inc. only. This warranty is in addition to any other manufacturer's warranty that may or may not apply.

### *NINETY DAY WARRANTY*

All **repairs** to faucets, fixtures, toilets and equipment are guaranteed for 90 days from original service date. This applies to labor and repair parts originally installed. Should a particular repair part be guaranteed longer by the manufacturer, that part will be replaced without charge for the part, but our regular labor rate will apply.

### *DRAIN CLEANING WARRANTY*

All fixture drain stoppages cleared by us with our mechanical drain cleaning equipment will be guaranteed not to **stop** draining again for a period of 30 days from date of original service. This warranty applies to stoppages occurring *within* the foundation walls of a building and does not apply to toilet backups. Any required additional work or precautions not undertaken by the customer that are recommended by the service person at the time of original service will void the 30 day warranty.
