September 2026 | Volume 10

September has been a month of celebration, progress and possibility for VASO. From opening our manufacturing headquarters in Dumfries to preparing our first projects for delivery, we have reached a milestone made possible by the dedication of our team, the support of our partners and a shared belief that construction can be done differently. Together, we are building the future.

A Celebration of Innovation and Ambition

VASO reached a defining milestone as we officially opened our new advanced manufacturing facility in Dumfries. Joined by partners, investors, industry leaders and supporters, we celebrated not only the launch of production but also the shared vision, determination and collaboration that have brought this world-first innovation to life. As VASO moves from development to delivery, an exciting new chapter begins.
