February, 2026 | Volume 05

Welcome to the February 2026 VASO update.

This month brings significant milestones, major announcements, and real progress in the evolution of our industrialised construction system and innovative composite product. We're excited to share the latest developments, partnerships, and next steps - discover the full detail below.

## Procurement for Housing Framework

We are thrilled to announce VASO's inclusion on the **Social Housing Emerging Disruptors (SHED5) Framework** - a significant breakthrough in our journey. This recognition makes it easier for social housing landlords and local authorities to adopt our innovation, accelerating compliant procurement and supporting faster, smarter delivery of housing and buildings with our product and build system.

## Social Housing Emerging Disruptors (SHED) 5 Framework

## SOSE and BE-ST Support Propel VASO to Demonstrator Home

VASO is excited to secure funding and the support of **South of Scotland Enterprise** and **BE-ST**, Scotland's national innovation centre for the built environment. This significant milestone will accelerate development of manufacturing of our recycled glass composite panels. Our collaboration will enable a full, thermally efficient demonstrator home for registered social landlords to visit, showcasing rapid, low carbon, industrialised construction in practice.

### Housing and Workforce Questionnaire

The housing crisis reduces affordable living options, making it harder to attract and retain staff. Long commutes and housing stress lower employee satisfaction and productivity. We want to understand if this issue is affecting your organisation, [please scan the QR code to complete our questionnaire.](#)
