

RESTORING RESPECT PROJECT: PRESS RELEASE NO 2

September 2021: RJ4ALL INTERNATIONAL INSTITUTE

Grant Agreement N: 2019-1-UK01-KA202-061396

Free Mobile App for migrants and refugees seeking jobs & integration

***RESTORINGRESPECT (RRP)** is a European-funded Erasmus + project in its final implementation steps with the aim to integrate migrants and refugees using the values of restorative justice, to facilitate the recognition and certification of skills and competences of migrant and refugees in Europe.*

The Intellectual Output 4 in the form of an e-course, with online learning components such the [Digital Multifunctional and Interactive Platform](#) is now delivered by the consortium and RJ4All, as an **Open educational & training e-resource** to make all project products widely available. This innovative tool created as an online Environment using a Learning Management System (LMS) where users (target groups, trainers, stakeholders, policy makers) are able to find the Training Toolbox which includes the online modules, participate in learning activities, use assessment tools to evaluate their performance and communicate with other learners and instructors. The tool is now supported by all partners and promoted in their countries and all over Europe. Finally, as added value, the platform is also supporting the digital resources data base, multimedia content and the Trainers Manual, parts of which will concern the users' guide for the platform.

A second important digital tool, promoted by the RJ4All International Institute and the Restoring Respect Project's strategic partnership to offer a unique possibility is the **highly interactive MOBILE APPLICATION**. Its aim is to empower migrants and refugees in their integration journey

in their host country and strengthening their key employability competencies to (re)enter the labour market.

The course is open for everyone and friendly to people with visual or hearing disabilities. Join the online course and participate in a great learning programme that will benefit your career and offer you a CPD accredited certification.

The app is available only for Android devices, and it is downloadable on [Google Play Store](#) for free on personal phone. To quickly find the app, type **RRP** in the search box or scan the QR code.

The consortium of the project involves the following partners:
