

Multiplier event report

Date of the report: 28/3/2022

Date of event: 22/3/2022

Prepared by: Maria Kosma

1. Objectives of the event

The event realised on 22nd March 2022 after all the intellectual outputs had been completed. The multiplier focused on disseminating information about the completed intellectual outputs, and also in increasing increase awareness for the sustainability of the project. In particular, the main objectives of the national multiplier were:

- a) To disseminate the intellectual outputs of the project to key stakeholders.
- b) To support the project transferability and replication strategy by delivering the results of the project.
- c) To engage potential new stakeholders, funders and users of the platform, programme and tools beyond the life of the project and raise awareness.

3. Organisation

The Multiplier event took place in the city of Peristeri in a hall booked for 30 participants. The invitation of the event was disseminated through EDRA’s website to all its followers and partners. Potential participants could pre-register to the event through EDRA’s website.

4. Realisation

The Multiplier event was realised on 22nd March 2022 with 28 participants. Almost all participants had registered, finally came to the event. After the completion of the registration, the event started with the presentation of the host organisation KSDEO “EDRA” by the Communications Officer of the European Projects Department, Katerina Samartzi. Then, Maria Kosma the project manager of “Restoring Respect Project” made a presentation of the project and its aims and outputs. The presentation focused especially on the e-course in order for the participants to get familiar with the format and the simple to use structure of the platform as well with the app. After this, Maria Kosma presented the research about migration in Greece that was realized in the framework of the IO1 of the “Restoring Respect Project”. Finally, the psychologist and researcher, Michail Skaltsas made a presentation about the good practices for the integration of migrants in a European context. Michail, has worked for a long time with migrants and refugees and he also shared with the audience some examples of the good practices he has used during his work in migrants and refugees inclusion. Then, the participants had the chance to discuss with the presenters about their concerns, questions and the general situation in Greece today regarding the migration issue. The audience was really interested in the issue and the discussion was participatory and many opinions were heard.

5. Participants

The event realized with 28 participants. The majority of the participants have a social background as they are psychologists, social workers who work with migrants, social

scientists and psychology students. Moreover, two art therapists attended the event and some people who were interested in the migration inclusion.

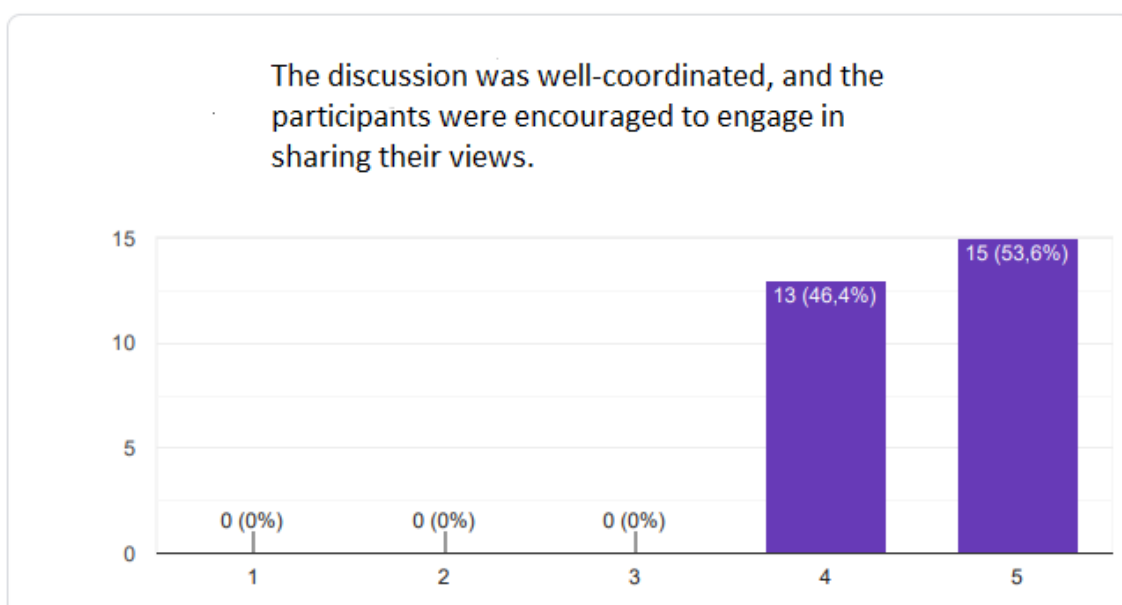

6. Evaluation

Results of event evaluation, what modes of evaluation were done (in writing e.g. questionnaires, in oral form, e.g. discussions, workshops).

Provide a summary of collected feedback from the participants about the final products, and how the products can be used and mainstreamed in various educational activities.

Add evaluation questionnaire if applicable

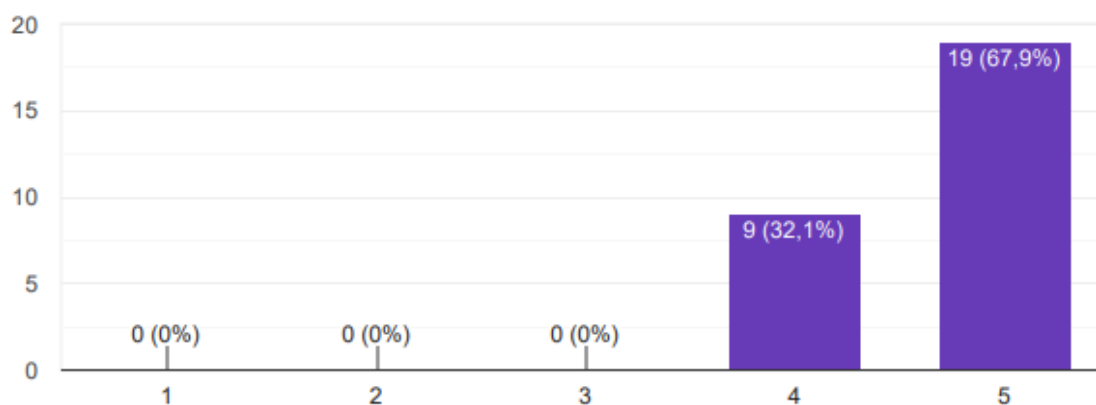

The formal evaluation of the Multiplier event was done through online questionnaires that were sent to the participants soon after the end of the event. All participants shared their feedback that was really good. More details will be given below. However, during the discussion, many participants expressed their satisfaction about the whole organization of the event and especially about the importance of the material produced during the project. The main results of the evaluation procedure are the followings:
