Taylor joins The Clinic as primary, same-day provider

ADA – The Clinic in Seminole is pleased to introduce Korey Taylor, APRN-CNP, as its newest primary and same-day care provider.

“I am very excited to work at The Clinic,” Taylor said. “I have joined an amazing team and I am happy that I can continue serving the citizens of my hometown.”

Taylor, an Advanced Practice Registered Nurse and Certified Nurse Practitioner, earned her Master of Science in Nursing from South University. Before joining The Clinic, she worked for three years in the healthcare industry in Seminole.

“I chose to go into health care because I have a strong desire to help others and make a positive impact on people’s lives,” Taylor said. “Being a Certified Nurse Practitioner allows me to combine my passion for caring with the opportunity to make a real difference in the health and well-being of my patients.”

Taylor is welcoming new patients as a primary care provider, as well as currently treating same-day patients.

“Primary care is crucial for disease management and prevention because it offers continuous, patient-centered care that focuses on early detection, routine screenings, and personalized health strategies,” she said. “My primary goal as a healthcare provider is to help people live their lives with optimal health. I want them to feel great and be their best selves.”
