The Clinic welcomes Lyles as new provider in Konawa

ADA – To meet patient demand in Konawa, The Clinic has added new provider Gwendolyn Lyles, PA-C, to its medical team. Lyles will focus on family medicine.

“Family medicine allows me the opportunity to build long-term relationships and to support patients in all stages of their lives,” Lyles said. “I enjoy helping people and health care gives me the opportunity to make a difference in people’s lives.”

Medical services Lyles will provide include, but are not limited to, the diagnosis and treatment of acute and chronic illnesses, annual wellness visits, women’s health exams, minor procedures, and knee and shoulder injections.

Lyles earned her Master of Science in Physician Assistant Studies from Northeastern State University in Tahlequah. The Clinic in Konawa will serve as her first professional opportunity, and she is excited to start building a community with her patients.

“I couldn’t have asked to work for a more supportive and caring company,” Lyles said. “From the moment I walked through the doors, I could feel the warmth and compassion the employees and providers have toward patients and one another. I’m ready to help patients feel their best and to help them lead long and healthy lives.”

To schedule an appointment with Lyles, or any of The Clinic’s providers, please call (580) 436-5111. To learn more about how The Clinic can improve your health, please visit the website at www.cofmc.com.
