

**CRITERIA: EXCELLENCE IN SCHOOL SUPPORT SERVICES**

Therapists, psychologists, social workers, nursing staff or others

(Any member of the school's support team may enter)

	Section	Explanation
1	Assessment and data use	Conduct comprehensive assessments; use data to guide interventions; Share findings in a clear, practical way.
2	Pupil Progression and Impact	Consistently meet or exceed therapy goals; measurable, sustainable progress in target areas; strategies are successfully applied in the classroom, and at-home strategies are shared with parents/caregivers.
3	Individualised planning	Plans are updated regularly based on progress data.
4	Collaborating with educators	Proactively work with teachers to integrate therapy strategies into the classroom. Offer training/resources. Share expertise with staff.
5	Engagement with parents/caregivers	Maintain strong communication; offer practical at-home strategies; Involve parents in goal setting.
6	Professional development	Evidence of building knowledge and involvement in sustained professional development.
7	Compliance and reporting	Actively participate in school projects, wellness programs, SGD, and committees; serve as a positive role model.
8	Other	Any other relevant information in support of the presentation.
