We recognize that many individuals either reject or feel indifferent towards the pro-life perspective, often influenced by cultural norms or simply because they haven't been exposed to persuasive pro-life viewpoint. We believe it is crucial for young people to have meaningful opportunities to engage with life issues that go beyond the soundbites and sensationalism prevalent on social media and other platforms.

The Ambassadors for Life Training program is designed to empower high school and college aged students to become passionate advocates for LIFE. This immersive, one-day experience is dedicated to dispelling common myths, offering fact-based education on critical life issues, and fostering a compassionate community of understanding among peers.

A Note of Appreciation

Once again, our talented and hardworking backyard farmers came through!

Thank you to all our wonderful backyard farmers who shared their fresh produce with our food pantry this summer. Your green thumbs provided flavorful and nutritious foods to many in our community. Without your generosity, we would not be able to help the families that frequent our pantry. We will continue to accept produce until the end of harvest between 11:30 – 12:45 every Tuesday.
