Eaglewood HOA Snow Plan **CURRENT**

- * The priorities will always be Red, Orange then Yellow marked roads as this will maximizes clearing efforts for emergency services and school bus routes.
- * Eaglewood works with the Contractor plow to the circles (yellow) within 24 to 30 hours after snow stops, in any event not more than 72.
- * During a Level 3 Extreme snow event, Eaglewood recommends to shelter in place until the roads can be properly cleared for safety.
- * Snow removal from driveways is the responsibility of the property owner. Snow from driveways cannot be shoveled or plowed into the street right-of-way or onto sidewalks. This is consistent with Muni Code Title 24.80.090
- * On trash pickup days, trash receptacles need to be placed in driveways, not on the roads, and are to be removed as soon as possible.
