

VERTEX ADVISORS

Vertex Advisors LLC transforms public-sector supply chains and enterprise operations with resilient, data-driven, and cost-efficient solutions. We bring deep expertise in Supply Chain Risk Management, digital twin architecture, and operational engineering—backed by vendor-neutral ERP advisory and IT project leadership across platforms such as Oracle Cloud, PeopleSoft, Workday, and SAP—to help agencies reduce risk, modernize systems, and deliver mission success with confidence.

What We Do

- Supply Chain Risk Management
- Supply Chain Architecture & Engineering Consulting
- Strategic Planning & Process Optimization
- ERP Evaluation & Selection
- IT Project Management & Enterprise Application Support

Why Choose Vertex

- Veteran-Owned Precision:** Mission-focused solutions built for public-sector demands.
- Supply Chain Resilience:** Identifies vulnerabilities and deploys proven SCRM strategies.
- IT & ERP Project Leadership:** Expertise across platforms like PeopleSoft HCM/FSCM.
- Cross-Sector Credibility:** Trusted by MIT Lincoln Laboratory, the Architect of the Capitol, and Jefferson Health.
- Public-Sector Fluency:** Deep understanding of federal and state operational requirements.
- Strategic Alignment:** Supply chain and ERP strategies tied directly to mission outcomes.
- Experienced Team:** 100+ years of combined leadership experience with top-tier training
