## Finance Council News

Our monthly contributions continue to fall under budget. We will begin including the collection number in the bulletin. We are actively looking for new fundraising opportunities. We will begin looking at next year's budget next month.

Dave Grunwaldt, our Director of Administrative Services, is retiring at the end of January. Dave joined us three years ago and has made MANY significant contributions to the parish. He has improved countless administrative, financial, and operating processes. Dave was instrumental in the merger process and provided much support while Fr. Carcar was out of the country. Dave was recognized by the Archdiocese by receiving the Vatican II Award in 2025.

Please join us in thanking Dave and wishing him a well-earned, happy retirement.

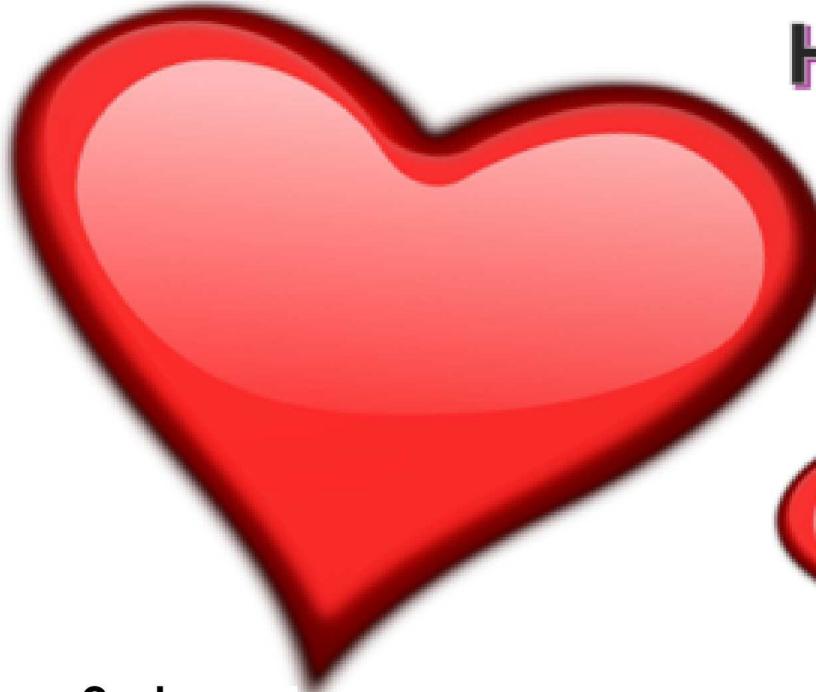

Did you know that the annual *Catholic Stewardship Appeal* helps more than 500,000 Catholics and countless others across the Archdiocese of Milwaukee by

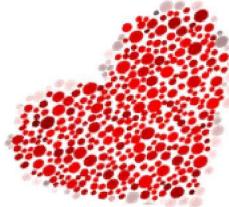

- Serving those in need
- Strengthening parish ministries and promoting evangelization
- Supporting Catholic schools and parish religious education
- Forming priests, deacons, and lay leaders

The 2026 The Catholic Stewardship Appeal launches the weekend of **February 7-8**. Information regarding the Appeal will be discussed at all masses that weekend. Please prayerfully consider your participation in this very important Appeal!

## Charting a Moral Vision of American Foreign Policy

In 2026, the United States has entered into the most profound and searing debate about the moral foundation for America's actions in the world since the end of the Cold War. The events in Venezuela, Ukraine and Greenland have raised basic questions about the use of military force and the meaning of peace. The sovereign rights of nations to self-determination appear all too fragile in a world of ever greater conflagrations. The balancing of national interest with the common good is being framed within starkly polarized terms. Our country's moral role in confronting evil around the world, sustaining the right to life and human dignity, and supporting religious liberty are all under examination. And the building of just and sustainable peace, so crucial to humanity's well-being now and in the future, is being reduced to partisan categories that encourage polarization and destructive policies.

For all of these reasons, the contribution of Pope Leo in outlining a truly moral foundation for international relations to the Vatican diplomatic corps this month has provided us an enduring ethical compass for establishing the pathway for American foreign policy in the coming years. He stated:

*In our time, the weakness of multilateralism is a particular cause for concern at the international level. A diplomacy that promotes dialogue and seeks consensus among all parties is being replaced by a diplomacy based on force, by either individuals or groups of allies. War is back in vogue and a zeal for war is spreading. The principle established after the Second World War, which prohibited nations from using force to violate the borders of others, has been completely undermined. Peace is no longer sought as a gift and desirable good in itself, or in pursuit of "the establishment of the ordered universe willed by God with a more perfect form of justice among men*

## Charting a Moral Vision of American Foreign Policy (Continued)

*and women.” Instead, peace is sought through weapons as a condition for asserting one’s own dominion.*

Pope Leo also reiterates Catholic teaching that “the protection of the right to life constitutes the indispensable foundation for every other human right” and that abortion and euthanasia are destructive of that right. He points to the need for international aid to safeguard the most central elements of human dignity, which are under assault because of the movement by wealthy nations to reduce or eliminate their contributions to humanitarian foreign assistance programs. Finally, the Holy Father points to the increasing violations of conscience and religious freedom in the name of an ideological or religious purity that crushes freedom itself.

As pastors and citizens, we embrace this vision for the establishment of a genuinely moral foreign policy for our nation. We seek to build a truly just and lasting peace, that peace which Jesus proclaimed in the Gospel. We renounce war as an instrument for narrow national interests and proclaim that military action must be seen only as a last resort in extreme situations, not a normal instrument of national policy. We seek a foreign policy that respects and advances the right to human life, religious liberty, and the enhancement of human dignity throughout the world, especially through economic assistance.

Our nation’s debate on the moral foundation for American policy is beset by polarization, partisanship, and narrow economic and social interests. Pope Leo has given us the prism through which to raise it to a much higher level. We will preach, teach, and advocate in the coming months to make that higher level possible.

Signed, Cardinal Blase J Cupich, Archbishop of Chicago  
Cardinal Robert W McElroy, Archbishop of Washington  
Cardinal Joseph W Tobin, CSSR, Archbishop of Newark
