

Join Us in Celebrating Vision Rehabilitation Week!

From June 9–15, 2025, Lighthouse for the Blind of the Palm Beaches is proud to participate in Vision Rehabilitation Week, a national initiative to raise awareness about the transformative impact of vision rehabilitation services.

These programs empower individuals with blindness or low vision to live safer, more independent, and fulfilling lives. Whether it's learning to navigate daily tasks, mastering assistive technology, or regaining confidence in mobility, vision rehabilitation changes lives every day.

This week, we're also advocating for increased funding to ensure that more people, especially older adults, can access these life-changing services. Together, we can make a difference!
