

80TH ANNIVERSARY AND BEYOND 2026 UNDERWRITING MENU

Help us celebrate 80 years of service by underwriting an experience at our anniversary gala. As an underwriter, your support ensures that more individuals living with vision loss and blindness achieve access to resources, education, and independence to live fulfilling lives.

ABOUT OUR ORGANIZATION

Lighthouse for the Blind of the Palm Beaches, Treasure Coast, and Okeechobee was originally founded by the Lions Club in 1946 as the Lions Industries for the Blind.

Over the past 80 years, our services have expanded to include sight-saving education, employment opportunities, low-vision services, early intervention for children, assistive technology orientation, and more, all in the name of preserving vision and fostering independence for those with vision loss and blindness.
