## Qualities, skills and experience:

Before retiring a couple of years ago, I worked for Wigan Council as a lawyer – experience I put to good use as a governor. I am also a Self-Supporting Church Minister within Wigan Hub. I really enjoy working with the dedicated staff and governors at Castle Hill St Philip's. We are working hard to ensure that every child is given the best possible education and every opportunity to prepare them for the future.

## Reason I became a governor:

I first visited the school as part of the “Inspiring the Future” programme and was really impressed by the friendly staff and the welcome I received from the children. I feel honoured to serve as a governor and support the future development of the school.
