About Us

Jared and McKenna Nelson, owners and operators of Aqua Farewells, built their business on a deep understanding of how profoundly pets shape our lives. To the Nelson family, pets are not just animals—they are loyal companions, daily comforts, and cherished members of the home. After experiencing the impact of pet loss themselves, they recognized the need for a service that treats each farewell with the dignity, tenderness, and remembrance our companions deserve. Their passion for honoring this bond is at the heart of everything they do.

Founded in 2026 in Chattanooga, Tennessee, Aqua Farewells is a true family business created to support their community through one of life's most difficult moments. Serving families across the Tennessee Valley and North Georgia, Jared and McKenna are committed to offering compassionate care, gentle guidance, and a meaningful way to say goodbye. Their mission is simple: to stand beside those grieving a beloved pet, and ensure every farewell reflects the love and life shared. Through Aqua Farewells, the Nelsons hope to bring comfort, healing, and a sense of peace to families throughout the region.

HONORING OUR CANINE HEROS

At Aqua Farewells, we are deeply grateful for the extraordinary service and unwavering loyalty of our nation's working dogs. Whether serving alongside our military, protecting our communities in law enforcement, or tirelessly searching for those in need through search and rescue, these remarkable companions dedicate their lives to protecting others. As a small token of our appreciation, Aqua Farewells is honored to provide a complimentary Individual Aquamation® for eligible Military Working Dogs, Police K-9s, and Search & Rescue dogs upon their passing. It is our privilege to help honor these heroes with the dignified and compassionate farewell they so richly deserve.

*To receive this service, families or agencies must provide official documentation verifying the dog's service and role.

Additional or upgraded urns, keepsakes, and memorial products are available for purchase.

CUSTOM LASER-ENGRAVED ART WORK

ONE-OF-A-KIND KEEPSAKE HONORING YOUR BELOVED COMPANION

Preserve the love, loyalty, and unforgettable spirit of your cherished pet with an elegantly crafted memorial piece. Each design is meticulously laser-engraved using your personal photograph, transforming a treasured memory into a timeless work of art.

Every piece is thoughtfully created to highlight fine detail and depth, capturing the unique character and essence of your companion. With its refined finish and clean, modern presentation, this memorial is designed to be displayed beautifully in your home or remembrance space.

Resting on a complementary display stand, the piece offers a graceful and dignified tribute—one that brings comfort, beauty, and a lasting connection to the life it honors.

Saying Goodbye with Dignity

We are proud to offer beautifully crafted figurines made from a portion or all of your beloved pet's cremains, turning ashes into a heartfelt keepsake. These figurines are made to resemble various dog breeds – especially large ones – and provide a touching way to remember the unique personality of your gentle giant. Each piece is made with attention to detail, capturing the essence of your pet while offering a discreet and meaningful memorial.

What sets our figurines apart is the blend of artistry and emotional comfort. Whether displayed on a mantel or kept in a quiet corner, these figurines offer a daily reminder of the love shared with a cherished companion. With custom engraving options and a variety of poses and finishes, families can choose a tribute that truly reflects their pet's spirit and presence.
