

ENVIRONMENTAL POLICY

Bramich's Concrete and Precast will conduct its operations responsibly and with due regard to the impact on the environment. It is the policy of Bramich's Concrete and Precast to strive to eliminate any adverse environmental effects of all its activities and take an active role in raising the environmental awareness and responsibility of employees, suppliers and customers.

For this policy to be implemented Bramich's Concrete and Precast will:

- Conform to all relevant environmental legislation and regulations and any other requirements to which Bramich's Concrete and Precast subscribe;
- Ensure that all operations and establishments have appropriate procedures and facilities to ensure that such standards can be met;
- Implement effective environmental management;
- Promote environmental awareness and responsibility among all employees, suppliers and customers;
- Co-operate with all relevant environmental agencies;
- Conduct regular audits;
- Expect all employees of Bramich's Concrete and Precast to abide by this Environmental Policy and to actively participate in its implementation.
