

BRAMICH'S CONCRETE

Premixed & Exposed Specialists

QUALITY POLICY

Delivering to the customer the quantity and quality of concrete and precast products desired within a mutually acceptable time frame. The concrete, upon delivery, must have been designed, proportioned, and mixed to meet the performance criteria specified by our customers. In order to achieve our policy objectives Bramich's Concrete and Precast:

- hires the most qualified individuals available for the positions to be filled;
- understands the importance of delivering our concrete in a professional, courteous manner;
- strives to continuously improve our operations;
- purchases and maintains the best equipment available for the tasks required;
- maintains Worksafe Tas Plant Certifications for our ready mixed fixed and mobile plants and equipment;
- appreciates our employees as the "driving force" of our business;
- maintains a clean and well-serviced delivery fleet;
- recognizes our suppliers as partners and a valuable, integral part of our business;
- understands the importance of personnel qualifications and certification and the benefits of providing career enhancement opportunities for our employees;
- is responsive to the needs of our customers;
- manufactures and delivers consistent ready mixed concrete and precast products;
- delivers concrete safely;
- takes pride in our business.
- Bramich's Concrete and Precast has made a firm commitment to quality. It is our policy to produce products and services that competitively meet our customer's quality requirements and conform to the guidelines of ISO 9001:2015
