## RENOVATIONS IN PROGRESS AT THE WATER PARK

Big changes are coming to the Farmington Water Park this summer! The facility began a major renovation immediately following the 2025 season, including the addition of a new, larger play structure, three spiraling slides, a giant water bucket, and a smaller slide that is more easily accessible for younger children.

If you're planning a birthday party or special event, the Farmington Water Park is the perfect place for your celebration. Enjoy at day at the park with friends, family, co-workers, youth groups, or school groups!

**Parks and Recreation Director Lainie Gault said, "Water Park renovations are progressing well, and we're excited for the community to enjoy the new features this summer."**
