

08–10 October 2024

International trade fair for next level  
farming and new food systems

## Be part of the VertiFarm Start-Up Program!

**Shape the future of agriculture at VertiFarm, the first and only trade show dedicated to Controlled Environment Agriculture in combination with Vertical Farming & New Food Systems. Exchange knowledge, expand your network and present your innovations to new costumers and the world.**

As a start-up with less than 10 employees and/or €500,000 revenue, we offer you a special booth package to support new founders and ideas. You can also book this package as a university or institution (educational or non-profit).

**Don't miss the chance and register now. Just send us your filled and signed registration with the note 'Start-Up-Package' – Let's grow!**

**Secure your place in the start-up area for € 2,190.00.**

**The package includes:**

- Highchair
- Counter with your company logo on it
- Space for logo/graphics
- 2 exhibitor passes
- Electricity
- Marketing Package
- Hall flat rate
- AUMA contribution fee

## Register now and secure your booth space. We are happy to assist you.
