

BIBLE STORY TIMELINE

This 15 page timeline is created to be a visual of the one big story of the Bible. It contains the most common Bible stories covered throughout the ACCA Sunday School curriculum. Markers or your own icons can be used to add additional Bible stories and events to the timeline based on the curriculum year being taught. A clothespin or sticky tab can be used to keep track of where the current lessons are on the timeline. Each page is designed and can be printed on legal size paper. Hang them up page by page as you move through the stories with your class or put them all up to start with to give an excellent visual of how many years the Bible stories cover!

If preferred, this timeline can also be purchased through the AC Bookstore pre-printed on heavy gloss poster paper compatible with dry erase markers.

BIBLE STORY TIMELINE
