

Why families trust us...

- We listen. We listen more than we talk. We believe you know best what type of farewell fits the unique life of your loved one.
- For all of our quarter century of service, we have described our philosophy as “common sense” funeral service. This entails many things: we do not hide our prices, we believe in offering less expensive options, we support our local community by hiring local and buying local, and we support countless organizations and charities.
- Common sense also means supporting American industry. We purchase caskets made in the USA not imported from China.
- When it comes to honoring our Veterans, no other Funeral Provider comes close to our level of dedication and commitment. We take care of completing and filling out all of the necessary paperwork to insure that the family of a Veteran receives any benefits available. We insure that every Veteran receives an American flag and full military honors including “Taps” and formal presentation of our flag. We arrange for every family to receive the Presidential Memorial Certificate and every Veteran receives a hardwood flag case to properly display the flag. The flag case is free of charge for every Veteran served by the Countryside Funeral Home & Crematory. God Bless our Veterans!
- Items such as Memorial tributes, Poster boards, Pall Bearer Gloves, and Religious Emblems are included complimentary in our offerings and not “extra”.
- Proudly, we operate our own Crematory. The Crematory is located, on premise, in our funeral home, not in a garage or warehouse. We know who is in the urn; WE WERE PRESENT FOR THE ENTIRE PROCESS. For cremated remains being transported overseas, we provide a container suitable for inspection, if necessary.
- Funeral homes are infamous for declaring how long they have been in business; we are no different in that regard. We are justifiably proud of our over 159 year heritage. Please know, however, our vision is always forward with a sincere desire to serve and not backward with a nostalgic fondness for what has been. Our community funeral home is small enough to know and understand your needs and provide unmatched personal attention.
- Our facilities are constantly updated and remodeled to make things as nice as possible for those we serve. All of our rooms have plenty of windows allowing the entrance of natural light. Every family that we serve has exclusive use of a private lounge. No sharing with strangers.
- Viewing and visitation are gatherings of family and friends who help survivors acknowledge the reality that a death has occurred. Viewing is available regardless of whether there is burial or cremation. Research supports the notion that both viewing and visitation help fulfill the psychological needs of those left behind. Seeing your loved one may be one of the most important steps in moving towards the acceptance of the loss.

Respectfully,

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements. More elaborate burial vaults are available through our funeral home, if desired, and other outer burial containers may be available through certain cemeteries.
