

SUPPORTING FLORIDA'S CANNABIS WORKFORCE

SkyHigh PEO Florida helps cannabis operators manage employment responsibilities in a highly regulated environment. From payroll processing to risk management, we provide structured solutions that support compliance, employee stability, and long-term business success.

Our services are designed for Florida's vertically integrated cannabis market and support businesses at every stage, from single locations to multi-site operations.

WORKERS' COMPENSATION & RISK

Workers' compensation and risk exposure are critical concerns in the cannabis industry. SkyHigh PEO Florida offers a comprehensive program designed to help cannabis employers manage risk while maintaining compliance with Florida and federal requirements.

Our approach includes:

- Claims administration and coordination
- Workplace safety guidance
- Operational risk assessment
- Industry-specific compliance support
