The College admits students of any age, race, color, and national or ethnic origin. Such students are admitted to all the rights, privileges, programs, and activities generally available to students at this college. Article VIII of our Articles of Incorporation also states this nondiscriminatory policy.

The College believes that the Bible clearly teaches God's intention for sexual union to take place solely within a marriage relationship between a man and a woman. The College believes that the Bible teaches this conviction would be compromised by admitting students who engage in sexual practices that are out of keeping with the Biblical ethic. The College therefore reserves the right to limit admission to those who submit to God's Biblical standards as demonstrated in the embracing of a lifestyle characterized by sexual activity or sexual orientation that is in keeping with the biblically designed expression of sexuality between a man and a woman within a marriage relationship.

The College reserves the right to make changes in calendar, programs, courses, degree requirements, tuition, fees, refunds, and other matters without further notice.

Welcome from the President

Since 1945, Boise Bible College has been committed to equipping servants for a life of discipleship and for Kingdom work. Graduates are serving the local church in places like Alaska, California, Colorado, Idaho, Montana, Oregon, Washington, and more. They are also serving in places like Zimbabwe, Germany, Australia, India, Thailand, and Indonesia. I don't know where your pursuit of God will take you, but I look forward to seeing where God has taken you in ten years!

For now, you have an important season in front of you as you prepare for where God will take you. Choosing a college is a big decision, one you shouldn't take lightly. BBC is primarily a ministry training school. You should first read through our degree programs and ask God for wisdom on whether Boise Bible College is the right college for you.

Even if you never work for a church or missions agency, an education here can still hold great value. You will learn to think critically, write with excellence, speak clearly, and lead well—helpful skills in most any profession.

I pray the Lord's blessing on you as you chase after Him, prepare your mind and heart for Kingdom work, and invest a significant amount of time being equipped to serve Him!

I look forward to meeting you soon.

A Bible College

The traditional goal of a college education was to provide a basic understanding of our complex world and the tools with which to respond creatively to life's challenges. This involved teaching students to read, write, think, speak, and do research through studies in literature, language, history, the sciences, philosophy, and theology. Yes, theology used to be an integral part of a college education. In fact, many of our older universities originally taught from a Christian perspective. This is obviously no longer the case.

The original style of college education is still available today in institutions generally known as Bible colleges. These schools use the same framework of learning used by our early American colleges, and they are devoted to preparing Christian leaders for the church and the world.

History

BBC was founded in 1945 by an evangelist, Orin Hardenbrook, in response to the need of the Idaho/Eastern Oregon area for a Christian institution of higher education. For her first twenty-nine years, the College operated as a ministry of Boise's First Church of Christ, then located at Eighteenth and Eastman. The congregation's ministers served as the core of the faculty, and its elders as her administrators. Four years after BBC was founded, Kenneth Beckman moved to Boise to work with the Church and the College. He served as the president from 1950 until 1972, and continued to teach at the College until his retirement in 2009.

In 1974 the College was separated organizationally from the First Church of Christ with its own Board of Directors. J. Richard Ewing was also appointed as the first full-time president in that year. He expanded BBC's educational programs, budget, staff, and faculty. He also led the school in achieving accreditation in 1988.

Dr. Charles A. Crane became president in 1990. Under his leadership the College more than doubled its enrollment, built several new buildings, beautified the campus, and greatly increased the school's visibility and recognition.

In 2007 Terry Stine became president. For the next decade he guided the college in raising its profile nationally. Campus expansion continued with the completion of a new student center in 2014.

Dr. Derek Voorhees stepped up from the faculty to become the tenth president of Boise Bible College. Under his leadership the College remained committed to carrying out its mission under the core values of Scholarship, Humility, Community, and Innovation. Serving from 2017 until 2023, Dr. Voorhees was succeeded by Scott Lerwick in 2024.

Denominational Affiliation

Our College is not a part of any formal denominational system, but it is associated with and supported by independent congregations which are generally called Christian Churches or Churches of Christ. These churches call all Christians to unite behind the practices and teachings of the church described in the New Testament for the purpose of more effectively evangelizing the world.

Doctrinal Position

The faculty, staff, and administration of Boise Bible College hold to a conservative theological position, believing that what we read in God's Word is precisely what God meant to say and that we are all called to holy living and submission to Him and His Word.

Boise Bible College upholds the standards of the church as revealed in the New Testament Scriptures; contends for the full inspiration of the Scriptures and the deity of Christ (His virgin birth, miraculous life, bodily resurrection from the grave, ascension into heaven, and personal return); teaches the plan of salvation most fully recorded and illustrated in the Book of Acts; contends for the restoration of the biblical church in such things as life, teaching, name, organization and purpose, and stresses the church's mission of world evangelism.

You are welcome to study at Boise Bible College regardless of your church affiliation if you name Jesus as your Lord and Savior and are seeking to govern your life by His Word.

Facilities

BBC is located on a 16-acre campus at the northwest edge of Boise. There are five main buildings on campus. At the front of the campus is the Administration Building, which houses the offices of the administration and faculty. Immediately to the south is the Library/Classroom building. Beyond this is a complex which includes the Student Union and a dormitory. To the east of this complex is the Multipurpose Building which contains a gymnasium, the cafeteria, student lounges, and music rooms. A second dorm stands on the east side of the main parking lot.

Location

Boise has become nationally recognized as a highly desirable place to live. It is large enough to have the benefits of a large city, yet small enough to avoid the problems associated with large urban areas. It also enjoys an expanding economy where opportunities for part-time employment are abundant. Boise Towne Square Mall, the Village in Meridian, and the revitalized downtown area offer great shopping and job opportunities.

Boise offers numerous formal and informal educational opportunities. Boise State University, College of Western Idaho, Northwest Nazarene University, College of Idaho, and several vocational schools are located in the area. It also features a museum of art, a performing arts center, the State Historical Museum, the Boise Philharmonic, and several very active theater groups.

The Southwest Idaho region features community programs like the Shakespeare Festival, the McCall Winter Carnival, and Nampa's Snake River Stampede. A minor league baseball team makes its home just a couple of blocks from the Boise Bible College campus, and Boise also hosts minor-league hockey and other professional and pro-am sports teams.

The city and surrounding area also provide many opportunities for recreation. Boise has numerous parks, many of which are connected by a Greenbelt which passes very near campus along the Boise River. The mountains bordering the city to the north host nearly 200 miles of hiking and biking trails in the Ridge to Rivers system, and the Bogus Basin Ski Resort is just a 45-minute drive away. Opportunities for camping, hiking, rafting, hunting, and fishing abound throughout Southwest Idaho.

Recognition

By Churches

Individuals and churches across the nation, and especially the Northwest, support the College. Our graduates serve churches all around the United States and many nations around the world. Our alumni serve on the teaching staffs of some of the finest Christian colleges and seminaries.

By Governmental Agencies

The College is recognized by the State Board of Education. Eligible students who attend BBC can qualify for Federal benefits offered through Title IV Student Aid, VA, and Social Security programs. This school is authorized under Federal law to enroll nonimmigrant students.

By Educational Institutions

Nearly all Christian colleges and seminaries are receptive to accepting our credits and degrees. Many highly-regarded colleges welcome our students. However, some schools discriminate against all Bible colleges and are reluctant to accept our credits. Furthermore, as with all collegiate institutions, transfer of credit often depends upon the program being pursued by the student and the quality of the work completed. If you are planning on transferring from BBC to another institution, investigate the likelihood of transferring credits as early in the process as possible.

By Accrediting Associations

The College is accredited by the Association for Biblical Higher Education, formerly known as the Accrediting Association of Bible Colleges (5580 T.G. Lee Blvd., Ste. 130, Orlando, FL 32822, phone 407-207-0808). This association is recognized on the national level by the Council for Higher Education Accreditation and by the Board of Education of the State of Idaho.

Agreement with Code of Conduct

Your application for admission indicates your agreement to abide by BBC's regulations as detailed in the current Catalog and the Student Handbook. This is not negotiable, and failure to comply may result in administrative probation and/or dismissal from the College.

Admissions Criteria

Admissions Paperwork

You must have submitted all required admissions paperwork by August 1 (for fall semester) or December 15 (for spring semester).

Character

We believe that qualities like a love for God and a servant heart are at least as important as academic ability. Thus for at least the year prior to enrollment you must have exhibited a commitment to Christ and active involvement in a local congregation.

If you have had criminal charges brought against you, you cannot be admitted until all charges are fully cleared; nor can you be admitted within a year of a felony conviction or release from prison. You must also provide strong recommendations from the leadership of a church in which you have been active for the past twelve months.

Academic Ability

Our standards are designed to insure that you have reasonable potential for doing acceptable college-level work.

1. Standardized Test Scores (ACT, SAT, or CLT)

You must achieve a composite score of at least 19 on the ACT exam, 1340 on the pre-2016 ("old") SAT Reasoning Test, 980 on the post-2016 ("new") SAT, or a 58 on the CLT exam. BBC's reporting code for ACT is 0917. Our reporting code for SAT is 0891.

2. Transcripts.

You must have your official high school and/or college transcripts sent directly to BBC from those institutions. Transcripts cannot be returned or forwarded to others.

High School graduates (public or private) must have a 2.50 CGPA and be ranked in the top 75% of their class. Students without a high school diploma must have a High School Equivalency Diploma with a GED test average of 150 (25th percentile) or above. College transfer students who have attempted 12 hours or more of college-level work must have a CGPA of at least 2.50 in all previous college courses. For transfer students who have attempted less than 12 hours of college-level work, their high school GPAs will be used.

Homeschool Students

Homeschool students are welcome at BBC. Admissions criteria for homeschool students are the same as for other applicants except as noted below. It is recommended that homeschool students who plan to attend BBC contact the Admissions Office early in the college planning process.

A transcript, signed and dated by the preparer, must be provided indicating the subject areas studied during grades 9-12, the length of time spent in those subjects, and the grades earned. Official transcripts provided by homeschool curriculum providers are preferred, but parent-prepared transcripts are also accepted. It is recommended that applicants and parents consult with the BBC Admissions Office before submitting parent-prepared transcripts.

Homeschool students are encouraged, if possible, to have teacher recommendations filled out by the teacher of a class taken at a community college, a local high school, or from a private tutor.

BBC is not permitted to offer Federal Student Aid (such as Pell Grants or student loans) to students who have not met federal "Ability-To-Benefit" requirements. Homeschool students should be especially diligent to be sure they qualify to receive Federal Student Aid. See "Federal Student Aid Eligibility" on page 19 for additional information.

Transfer Students

Transcripts

If you have taken previous work at other colleges, you are required to have official transcripts from those other institutions sent directly to BBC by mail or an electronic service such as Parchment.

Debts to Other Colleges

We expect students to have completed their financial obligation with other colleges before enrolling at BBC. (This does not include student loans.)

Transfer of Credits

Courses taken at another accredited post-secondary institution may be accepted to meet requirements for BBC degrees at the discretion of the registrar. Normally, credits must meet the following criteria to qualify for transfer:

- Courses must meet the requirements of the degree chosen at BBC.
- Courses must be 100-level or above, and must meet or exceed the requirements of the equivalent BBC course.
- Courses must have been passed with a grade equivalence of "C" (2.00) or higher; credits assigned a "Pass/Fail" grade are not transferable.
- In some cases, a grade of "B" or higher must be earned in courses used to meet a pre-requisite at BBC (e.g. pre-requisites for ENGL 1020 Research & Writing, PRCH 2210 Intro to Preaching).

See page 34 for additional information about BBC's credit transfer policy.

International Students

If you are an international student you may have to meet additional requirements.

1. You must have a letter of recommendation sent by a missionary whom we recognize from your native country before we will accept your application.
2. If English is not your first language you must verify that you can handle class work in English by achieving a score of 65 on a recent internet-based Test of English as a Foreign Language (TOEFL), which is available at most United States consulates.
3. You must have a letter of guarantee sent by a person or agency assuring your financial support and return ticket to your native country or proof of sufficient personal funds for the same.

4. You must supply a copy of all educational credits above the eighth grade in English.

The admissions office will send you a set of recommendations best suited to your individual enrollment circumstances.

Non-Degree Students

Non-degree students are those credit or non-credit students who are not interested in pursuing a degree program, are high school students concurrently enrolled in college courses, or have been conditionally accepted as non-degree eligible.

Non-degree students are not eligible for BBC scholarships or government financial aid, but may work toward a certificate or take courses of their own selection within the limits of their qualifications. To move from non-degree student status to regular credit student status you will need to complete the procedure outlined for a new credit student.

Audit Students

Auditors are students who wish to enroll in class without receiving academic credit. Admission is on the basis of spiritual and academic qualifications as well as available space. Auditors must complete a short application form and register along with the other students. Audit tuition is at a reduced rate but is not refundable.

If you audit a class, you must follow the same general regulations as other students, though you are not required to do the assignments or take the examinations. Your participation in these activities and classroom discussion are at the discretion of the instructor. Audited courses may be taken for credit at a later date. Auditors who attend at least 75 % of the class sessions will have a record of their audited class on their transcripts.

Failure to Meet Admissions Criteria

Students who do not meet all of the above qualifications may (at the discretion of the Registrar) be:

1. Granted full admission with no qualifications;
2. Admitted into ACCESS, a remedial program designed to help students acquire necessary skills for college success;
3. Admitted on a probationary basis (conditional admission);
4. Admitted only to a Bible Certificate or 2-year program;
5. Admitted as non-degree seeking special student;
6. Denied admission.

Admissions Procedure

Step One—Application

The first step to enrolling at Boise Bible College is completing an online application form, available at www.boisebible.edu/apply. During this process you will create an account on ASLAN, the student online portal. The application and your profile checklists will assist you in securing the necessary recommendations and academic records.

When all required application materials are received by the College, your file will be reviewed by the admissions department. If all is satisfactory, you will be notified that you have been accepted.

Step Two—Enrollment

After you have been accepted, the admissions department will update your ASLAN profile with the Intent to Enroll form and \$100 Tuition Deposit. In addition, you will receive a Financial Aid Award Letter. Once the Intent to Enroll Form and Tuition Deposit are completed, additional forms will be provided to guide you through the process of enrolling as a student and securing campus housing.

Step Three—Pre-Registration

Your next step is to decide on a degree program and sign up for classes. You will be guided through this process by the Registrar or an Admissions counselor.

Step Four—Attend Orientation and Registration

See Orientation and Registration (page 31).

Readmission

Readmission after Inactive Student Status

If your enrollment at BBC has been interrupted, the following conditions apply for readmission.

After one inactive semester

You may contact your advisor and register for courses.

After two or three consecutive inactive semesters

You must reapply for admission, but the admission fee is waived.

After four or more consecutive inactive semesters

You must repeat the full admission process and come under the guidelines of the current catalog.

Readmission after Suspension

Students who have been academically or administratively suspended and wish to re-enroll are subject to the following conditions:

1. Reinstatement will not be considered for at least one semester.
2. Students must submit a new application for admission through the Admissions Department. In order for the application to be given serious consideration, the suspended student's essay, recommendations, and subsequent academic work (if any) must show that positive, identifiable steps have been taken to correct whatever circumstances resulted in the suspension from BBC.
3. Once completed, your application for re-admission will be forward for review by the Director of Enrollment Services in consultation with the Academic Dean and Dean of Students.
4. Even if re-admission is granted, the student will likely have limited or no eligibility for financial aid.
5. A student who has been suspended twice from Boise Bible College will not be eligible to re-enroll in the future.

Regulations regarding academic probation, suspension, and readmission apply to all credit students enrolled for six hours or more. Decisions regarding students with fewer hours will be made on a case-by case basis.

Disclaimers

Tuition, fees, and other charges are subject to annual change. The most current information is available at www.boisebible.edu.

The College Board of Directors reserves the right to make changes in tuition costs and fees as well as cafeteria and dorm room charges at any change in semesters.

Deposit Refunds

If you decide not to enroll at BBC after paying your Tuition deposit, 50% of your Tuition deposit can be refunded to you if you notify Boise Bible College that you will not be enrolling by July 1 for the fall semester or December 1 for the spring semester.

If after paying your housing deposit you decide you will not be occupying a room in campus housing, 100% of your housing deposit can be refunded if you notify Boise Bible College that you will not be living in campus housing by July 1 for the fall semester or December 1 for the spring semester.

Refunds to Veterans

Refunds to veterans will be prorated in accordance with the regulations of the Department of Veterans Affairs.

Refund of Credit Balances

You may find that you have a credit balance at the College after all of your payments, scholarships, grants, and loans have been applied to your account. If you wish to have all or some of that money refunded, you must request this in writing.

All refunds are subject to scholarship restrictions, which may limit the use of scholarship funds only to tuition or books. In such cases, credit balances may not be refundable to the student.

Refund Schedule

Refund of tuition, housing, and/or meal charges are made according to the following schedule when a student completes the withdrawal process from courses, dormitories, or meal plans:

- **Before first day of classes:** 100% of tuition and refundable fees.
- **After first day of classes but before census date** (end of second full week of classes): 100% of tuition and refundable fees. Housing and meal plan charged by weeks used up to date of checkout.
- **After census date:** No refund of tuition and fees. Housing and meal plan charged by weeks used up to date of checkout.

If you have received Title IV funds, you are subject to the Department of Education refund schedule which is calculated daily.

Charges That Are Not Refundable

No refund is owed to a student who is suspended or expelled from BBC.

No refund is given on in-house scholarships and awards.

Private lessons fees are not refundable.

Philosophy of Financial Assistance

Our Purpose

Boise Bible College strives to leverage institutional aid in a manner that exhibits biblical stewardship of resources, equips servant leaders who demonstrate a passion for Christian ministry, and incentivizes excellence.

Student Responsibility

While the College will attempt to assist you, the primary responsibility for financing your education rests with you and your family. If you and your family will do your very best to meet your financial obligations, we will utilize every resource available to us to help you.

You are responsible for knowing the academic policies of the College, for maintaining your academic standing, keeping current on financial obligations, and for meeting all graduation requirements. The Registrar, your academic advisor, the Dean of Students, the Financial Aid Office, and the Business Office are all available to counsel you, but the final responsibility rests with you.

Eligibility for BBC Scholarships

To be eligible for scholarships offered by Boise Bible College, a student must:

- Be in good standing with the college. Students on academic or administrative probation are not eligible for BBC scholarships.
- Meet deadlines for admission and/or pre-registration.
- Be enrolled full-time, defined as being enrolled in 12 or more credits a semester.

Additional eligibility requirements vary by scholarship, and some scholarships require the student to submit an application for consideration. See the BBC Financial Aid Office for further details and requirements.

In-House Financial Assistance

Tuition Subsidies

Generous gifts from churches, alumni, and other dedicated Christians cover a large portion of the cost of operating the College and, in effect, constitute another gift scholarship. BBC's charges reflect this subsidy.

Grants-in-Aid

Churches, alumni, and other interested individuals give the College grant funds which are designated for assistance to worthy students who have a financial need. These funds are grants; they do not have to be repaid.

Scholarships

BBC provides scholarships that are offered for academic, ministerial, and/or leadership qualities. See the BBC Financial Aid Office for further details and requirements.

College Student Workers

The College offers employment opportunities on a part-time basis in the library, cafeteria, offices, coffee shop, and in custodial or grounds work.

Payment Plan Options

Pay at Registration

When you pay the full cost of your tuition, room, board, books and associated fees at the time of registration you will not be charged an additional finance charge. Payment options include cash and/or check. BBC also accepts debit and credit cards for an additional fee of 4% of the account balance you are paying.

Monthly Payment Plan (4 payments)

This plan enables you to spread the cost of a semester's tuition, fees, room, and board over a four-month period.

At registration you must make a down payment equal to two-thirds of the semester's tuition, fees, room, board and associated fees. After the down payment is made, a deferred payment fee (8.13% of the remaining balance) will be charged to your account. A late fee is applied to payments not made by the 5th of the month. If the full payment is not made on each due date, the unpaid balance shall bear interests at the rate of twelve percent (12%) per annum.

Failure to meet two consecutive payment dates could result in dismissal from class, loss of cafeteria privileges, and/or eviction from dormitory facilities.

Outstanding Student Debts

In the event a student leaves the college with an outstanding balance on their account and takes no further action to pay off the debt, the "Policy on Managing Outstanding Student Debts" document available from the Business Office outlines the procedures the college will follow to resolve the unpaid debt. This process is designed to ensure consistent and fair handling of unpaid student accounts, safeguarding the financial integrity of the college while addressing the obligations of former students.

Federal Student Aid at BBC

Students may apply for Federal Student Aid by submitting the Free Application for Federal Student Aid (FAFSA) starting the October 1 prior to the start of the school year. The FAFSA is available online at the Department of Education web site (www.studentaid.gov). In order for your financial aid funds to be available by registration, it is important that you complete the FAFSA as early as possible.

Be sure to review your FAFSA for completeness and include BBC's reporting code (015783) on your FAFSA to expedite processing of your financial aid.

Boise Bible College has been approved by the U.S. Department of Education to participate in the following Federal Student Aid programs:

Grants

Grants are awards that are almost always offered to students with financial need as determined by the Student Aid Index (SAI) as calculated on the FAFSA. Unlike student loans, grants do not have to be repaid in most circumstances. Not all students are eligible for need based grants.

Eligible grants include:

- Federal Pell Grant. This grant is awarded only to undergraduate students who have not earned a bachelors or professional degree.
- Supplemental Opportunity Education Grant (SEOG). This grant may also be available for Pell eligible students with the greatest financial need (lowest Student Aid Index as calculated on the FAFSA).

Loans

Unlike grants and scholarship, loans are borrowed funds that **MUST** be repaid with interest. Several types of loans may be available to both students and their parents. We recommend that students be wise and to carefully consider loans and the amount to be repaid after much research and prayer.

Eligible Loans include:

- Federal Direct Loans. There are two types of Federal Direct Loans for eligible students: Subsidized and Unsubsidized loans. The main difference between the two types of loans is that the U.S. Department of Education pays the interest on Direct Subsidized Loans while you are enrolled in at least 6 credits; whereas, you are responsible for the interest payments on Unsubsidized Loans.
- Parent PLUS Loan. Parents may apply for a loan to help their child's education. If this is a desire, make sure your child has already filled out the Free Application for Federal Student Aid (FAFSA) and then contact the financial aid office for more information.

Federal Student Aid Eligibility

New Students

To receive Federal Student Aid funds, a student must be qualified to study at the postsecondary (college) level according to federal regulations. In order to meet this requirement, a student must:

- Have a high school diploma, or
- Have a recognized equivalent of a high school diploma, such as a general education development (GED) certificate, or
- Have completed an Associates degree, or
- Have completed 60 semester credits applicable to a Bachelors degree, or
- Have completed their high school education in a home school that is recognized by state law in the student's home state (see "Home School Students" below).

A student who is eligible for enrollment at Boise Bible College is not necessarily eligible for Federal Student Aid. If you have questions about your eligibility, contact the BBC Financial Aid Office.

Homeschool Students

Home school graduates are eligible to receive Federal Student Aid funds if their secondary school education was in a home school that state law recognizes as a home or private school. Some states issue a secondary school completion credential to home school graduates.

Enrollment Status

To be eligible for Federal Student Aid, a student at Boise Bible College must be enrolled in a degree program. At BBC this means that a student must be enrolled in an Associates or Bachelors degree program; the Bible Certificate does not qualify for Federal Student Aid.

The student's enrollment status of Full time (12+ credits), Three-Quarter time (9-11 credits), Half time (6-8 credits, or Less than half time (1-5 credits) affects the amount of Financial Aid a student may be eligible to receive. For example to be eligible for Federal Direct Loans, a student must be enrolled for a minimum of 6 credits.

For Federal Student Aid purposes, a student is considered full-time if they are enrolled for at least 12 credit hours in courses which fulfill a degree requirement. Courses which do not fulfill a degree requirement include:

- Elective courses for a student with no unfilled elective hours remaining in their degree program.
- Remedial courses which do not help a student gain access to a course required for graduation.

Federal Student Aid (FSA)

(continued from previous page)

Receiving Federal Student Aid

Once you have filed a completed FAFSA with the U.S. Department of Education, the BBC Financial Aid Office will inform you about your financial aid eligibility, including what programs and funds may be available to you. You are free to accept or refuse any financial aid offered to you through Federal Student Aid. Any Federal Student Aid funds you accept will be applied to your account at BBC.

Many students are selected for a process known as verification. This is the process of confirming the information on your FAFSA. In order for your financial aid funds to be available by registration, it is important that you respond to inquiries by the BBC Financial Aid Office as quickly and completely as possible.

Returning Federal Student Aid

A student has the right to cancel all or a portion of their student loans within 14 days from the disbursement date of the loans. All students will be notified when their aid disburses to their student account.

Title IV aid is awarded and disbursed to students in anticipation of students' successful completion of their courses and progression toward graduation. The U.S. Department of Education regulates the management of these funds and in some cases, a student who receives Title IV financial aid but does not complete their coursework is not considered to have "earned" the Title IV aid they received. When a student officially withdraws from all their courses, receives unsatisfactory grades in all their courses, and/or otherwise fails to attend the full period of enrollment for credit, Boise Bible College is required to determine the earned and unearned portions of Title IV aid the student was scheduled to receive.

Up through the 60% point in each period of enrollment, a prorated schedule is used to determine the amount of Title IV funds the student has earned at the time of withdrawal. For a student who officially withdraws at any time through the 60% point of a period of enrollment, the official withdrawal date is the earlier of:

- Date the student begins the official withdrawal process (submits a signed complete withdrawal form);
- Date the student otherwise provides official notification of intent to withdraw.

For a student who doesn't officially withdraw (does not complete the official withdrawal process but receives unsatisfactory grades in all their courses), the withdrawal date is entered as either:

- Date that Boise Bible College determines is related to circumstance that was beyond the student's control, if withdrawal is due to said circumstance.
- Midpoint of the enrollment period or the last date the student participated in an academically related activity (as reported by his/her instructors) whichever is later.

When a student is determined to have withdrawn, either officially or unofficially, Boise Bible College will use federal law/regulation to make the following determinations and complete the following activities:

- Determine the amount of the student's institutional charges.
- Determine the Title IV aid disbursed to the student.
- Determine the Title IV aid that could have been disbursed to the student (if any).
- Determine the student's official withdrawal date.
- Calculate the amount of the student's earned and unearned Title IV aid.
- Calculate the amount of Title IV aid the College must return.
- Calculate the amount of Title IV aid the Student must return.
- Notify the student of the determinations and calculated values used in the R2T4 calculation.
- Notify the student of the resulting balance owed to the College and/or the U.S. Department of Education.

When returning Title IV funds to the U.S. Department of Education, Boise Bible College returns them in a specific order per federal regulations. Boise Bible College must return unearned funds as soon as possible but no later than 45 days from the determination of a student's withdrawal.

1. Unsubsidized Direct Loans
2. Subsidized Direct Loans
3. Parent PLUS Loans
4. Pell Grant
5. Supplemental Educational Opportunity Grant (SEOG)
6. Iraq/Afghanistan Service Grant

Satisfactory Academic Progress

Definition

To remain eligible for Federal Student Aid, a student must make satisfactory academic progress (SAP) towards graduation. In order to meet this SAP requirement and remain in Financial Aid Good Standing at Boise Bible College, a student must pass 2 categories of requirements at the end of every semester:

Grade Point (Qualitative) Requirements

- Maintain a semester GPA of at least 2.00.
- Have a C average (2.00 cumulative GPA) by the end of the second academic year, regardless of how many credits have been attempted or completed. Only the final grade for repeated courses is counted in the student's cumulative GPA for SAP purposes.

Pace (Quantitative) Requirements

- Pass at least 72% of the credit hours attempted (not counting repeated courses). This is calculated by dividing the total number of credits completed by the number of credits attempted.
- Complete their declared degree within 150% of the published number of credit hours required to complete the program. For example, if the published length of an Bachelor of Arts degree is 128 credit hours; students must be able to complete their degree within at most 192 attempted credit hours. The maximum timeframe calculation is performed as follows:
 - o All credit hours attempted (including repeated credits), plus (+);
 - o All credit hours transferred from other colleges/universities, equals (=);
 - o The TOTAL number of credit hours used to determine current progress toward degree/certificate

Status

Students will be notified to their student e-mail of their SAP status at the end of every semester after grades have been reported. The statuses are noted below.

Financial Aid Good Standing

Students who meet Satisfactory Academic Progress and are not in a period of 'Financial Aid Warning', 'Financial Aid Suspension', or 'Financial Aid Academic Plan' are given the status of 'Financial Aid Good Standing'.

Financial Aid Warning

Students who do not meet Satisfactory Academic Progress criteria will be put on financial aid warning. This warning status will last one semester, at the end of which the student must meet SAP requirements in order to not be placed on Financial Aid Suspension and become ineligible to receive Federal Student Aid.

Financial Aid Suspension

Students who do not earn at least 1 credit during the semester in analysis and/or are still not making satisfactory academic progress after a warning semester are placed on financial aid suspension and lose eligibility for financial aid including Federal Student Aid funds. Eligibility can be restored when they achieve the SAP standards on their own or by appealing to be placed on Financial Aid Probation.

Financial Aid Academic Plan

Students who have lost eligibility for Federal Student Aid for failing to meet SAP requirements may appeal to be placed on financial aid probation and may regain financial aid eligibility if approved.

An appeal may be made on the basis of unusual circumstances which hindered a student's academic progress (e.g. injury, illness, family emergency). An appeal must explain in a written statement why satisfactory progress was not made and what changes in circumstances have occurred or what corrective steps have been taken to allow satisfactory progress in the next semester.

BBC may accept the student's appeal and restore Federal Student Aid eligibility, or deny the appeal. A condition of accepting the student's appeal is the student's acceptance of an academic plan requiring that he or she meet the SAP requirements by a specified time.

A student who is still not progressing toward meeting SAP standards while on an academic plan or by violating their academic plan will again lose eligibility for Federal Student Aid. The student may again appeal this suspension following the procedures outlined above. A Student may also update/change their academic plan by appealing following the procedures outlined above.

Other Forms of Aid

Veterans Affairs Benefits

BBC degrees are approved for VA benefits. Any individual entitled to educational assistance under Chapter 31 (Veteran's Readiness & Employment), Chapter 33 (Post-9/11 GI Bill® benefits), Chapter 35 (Survivors' and Dependents Educational Assistance), or any other recipient of aid under the Veteran's Administration is permitted to attend or participate in the course of education during the period beginning on the date the institution is provided a Certificate of Eligibility (COE) for entitlement to educational assistance and ending on the earlier of the following dates:

1. The date on which payment from the VA is made to the institution.
2. 90 days after the date the institution certified tuition and fees following the receipt of the COE.

Additionally, the individual will not be imposed any penalty such as late fees, denial of access to classes, or other institutional facilities not will they be required to borrow additional funds because of their inability to meet his or her financial obligations to the institution due to any delayed disbursement from the Department of Veteran's Affairs under chapter 31, 33, or 35.

Boise Bible College will inquire about each veteran's previous education and training and direct him or her to request transcripts from all prior institutions, including military training, traditional college coursework, and vocational training. Previous transcripts will be evaluated and credit granted per school policy (p. 34).

Contact the BBC Financial Aid Office for full information about the procedures to register for those benefits. To expedite processing of VA benefits, you should submit necessary paperwork as early as possible.

State Programs

Most state-guaranteed loans and grants are based on the College being approved by the U.S. Department of Education to participate in the federal programs. You may be eligible for state assistance. Check with your local high school advisor regarding what is available in your home state.

Private Programs

Many churches, groups of churches, and other organizations sponsor scholarship programs for persons seeking a Bible college education. Some information is available at the College, but you are encouraged to investigate the availability of funds from your local church and other sources.

Other Forms of Aid

There are many other sources of financial assistance available through private foundations, companies, service clubs, or other organizations not directly managed by BBC. All students should seek out and apply for any source of financial assistance available. BBC encourages all students to apply for this type of aid by contacting each organization individually.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by the VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.

Spiritual Development

Chapel

Chapels at BBC are developed to encourage and challenge you, as well as to give you opportunities to lead in a worship setting. Chapels are held at 9:40 a.m. on Tuesdays and Thursdays. Attendance is required for most students and each semester a noncredit, pass/fail grade will appear on your transcript.

Christian Service

All credit students must report to the Christian Service Director on their involvement in a local congregation each semester. A non-credit pass/fail grade is placed on your transcript for each semester you are required to be involved in Christian Service. Students enrolled in Internships are exempt from the Christian Service requirement.

Devotional Life

Classes are opened with prayer and conducted in a spirit of reverence for God. Students are encouraged to spend personal time as well as time with small groups and roommates in prayer and in meditation on the Word of God.

Involvement in a Local Church

You are expected to find a regular place of fellowship and service in a local church.

Spiritual Leadership Week

A week is set apart each fall semester to emphasize a deeper spiritual life. Usually a guest speaker is brought in to speak, counsel, and live on campus for the entire week.

Mission Leadership Week

Each spring a week is set aside to emphasize world missions and mission involvement.

Internships

Most bachelor degrees require juniors and seniors to participate in supervised ministry experience in the field for which they are making preparation. Character formation is a primary goal of the internship process, as well as learning skills for ministry.

Annual College Events

BBC Raft Trip

The school year begins with various fun activities that welcome new students and bring the BBC family back together after a busy summer apart. One of those events is the annual whitewater rafting trip on the world-class Payette River.

Convocation Banquet

Held the first evening of fall semester, this banquet brings the new student body together for the first time to establish the themes and priorities for the coming school year.

Fall Banquet

This banquet is put on by the sophomore class and is designed around a fun and festive theme midway through the fall semester.

Winter Banquet

This banquet, put on by the freshman class, gives you an opportunity to dress up and have a lot of fun early in the spring semester.

Preview

Every April high school students from around the Pacific Northwest attend this two-day event to get a taste of life at BBC. Preview is a chance for the student body of Boise Bible College to showcase their skills in worship, teaching, and other areas, to host students from their home churches and youth groups, and to welcome those students who will soon join the BBC student body.

Senior Skip Day

Each spring, at a signal from the senior class officers, all of us “skip” away from classes for a day of recreation, food, and fellowship.

Spring Banquet

The junior class and non-graduating seniors plan this special event as an opportunity to honor our graduating seniors near the end of the year.

Special-Interest Groups

Athletics

BBC encourages participation in sports as a way to promote physical health. The more serious athletes can participate in city- or church-league flag football, soccer, volleyball, or basketball. You can also participate in the fun and fellowship of intramural sports.

Just minutes from campus are facilities for tennis, golf, jogging, biking, tubing, or skiing.

Also nearby are health clubs and the YMCA. In the winter skiing is available at Bogus Basin Ski Resort.

Class Meetings

The freshman, sophomore, junior, and senior classes each have unique experiences, opportunities, and responsibilities in the life of BBC. Monthly meetings allow each class to plan activities and share in the experiences of classmates.

Family Groups

BBC students are members of a “family,” a group of students who are all served by the same academic advisor. Periodically throughout the year your group will get together for fellowship and for ministry activities.

Student Body Clubs

Boise Bible College encourages the formation of and participation in clubs organized and attended by students with interests in special areas of spiritual development and service.

Student Council

Students selected by student body elections meet regularly with the Dean of Students to improve campus life, solve problems and plan some of the special events of the College.

The Student Council also sponsors committees that plan athletic programs, mission projects, Spiritual Emphasis Week, and Preview.

Facilities

Housing

On-campus dormitories are available for single students. Each unit has its own bathroom or shares one with one other unit. Rooms are furnished with bunk beds, desks, chest of drawers, and chairs.

You are expected to provide a pillow, linens, and smaller furnishings.

All single students are required to live in the College dormitories, unless:

- The student is twenty-one (21) or older.
- The student is a junior or senior who maintains a CGPA of 2.5 or higher.
- The student is living with parents.
- The student is enrolled for less than eight (8) hours of credit.
- The student's employment requires off-campus residency, and has received clearance from the Dean of Students before enrolling.

Please note that all housing assignments are subject to approval by the Dean of Students, and that all exemptions must be approved in advance.

BBC does not have married student housing. Many apartments and duplexes are available nearby.

Student Union

A two-story student center houses the Lion's Den coffee shop, meeting rooms, and gathering areas for students to socialize and study. Meeting rooms can be reserved through Student Services for student groups or special activities. This facility is available for the use of both off- and on-campus students.

Cafeteria

On-campus students are automatically given cafeteria privileges on a contract basis. Off-campus students, College staff, and guests of students and staff may eat in the cafeteria on a cash basis. No meals are served over holiday breaks observed by the School.

Technology

Internet access is available for dormitory residents. Wireless internet is also available in the library, classrooms, and some other areas of campus.

A computer lab is available in the Classroom/Library building. Through the lab students have access to computer, internet, and printing services.

The internet use policy is located in the student handbook.

Library

Library research is expected of all students, and for this BBC provides a library filled with a specialized collection of over 33,000 items. This facility is conveniently located in the Classroom/Library Building. Other libraries in the city are also accessible to you as a BBC student.

Bookstore

The College does not operate a bookstore. Students are furnished with a booklist after pre-registration and may order books through online retailers. Unique materials not available online are charged as course fees and distributed through by course professors.

Laundry

Laundry facilities are located on each floor of the west dormitory, and on the west side of the multi-purpose building for residents of the east dormitory. Residents' board includes unlimited use of laundry facilities.

Exercise/Workout Room

A small exercise/workout room is located in the multipurpose building.

Gymnasium

A small gym provides an indoor location for athletic programs. This area also serves as a meeting area for some large or special events.

Parking

To park any motor vehicle on campus you must have a valid BBC parking permit. To receive a permit you must have a vehicle that is properly licensed and covered with full liability insurance. Only one vehicle per student is permitted and it must be properly parked.

Personal Assistance

Academic Advising

You are assigned to a faculty member who acts as academic advisor and guides you in selecting classes. Your advisor is also available to suggest ways to improve your academic performance.

Counseling

The Dean of Students serves as your primary contact to access counseling services. Your own advisor or any member of the faculty is available for limited personal counseling. Referrals to professional Christian counselors in the Boise area are also available.

Disability Services

Students with physical or learning disabilities who require accommodations in order to access educational opportunities at BBC are encouraged to contact the registrar in a timely manner.

Documentation of diagnosis of a disability may be required in order to secure these service. Such documentation should provide information on specific functional limitations and demonstrate the need for specific accommodations. Any documentation will be kept confidential.

BBC will make reasonable accommodations for qualified students in keeping with federal law and consistent with the academic integrity of the college.

Job Placement

BBC gives placement assistance to seniors and alumni who seek employment with churches, missions, and schools. Inquiries need to be made through the advancement office.

Students who desire help in securing part-time, weekend, or summer ministries should consult with the Dean of Students or a faculty member working in his or her area of interest.

Basic Services

Health Care

The campus is conveniently located near medical centers and two hospitals. The Resident Director, Resident Assistants, and the Dean of Students attempt to assist ill and injured students who need medical attention. The College is not responsible, however, for diagnosis or treatment of sicknesses nor making appointments with or providing transportation to a doctor or medical facility.

Mail Pickup and Delivery

Mail delivery is handled through mailboxes in the multipurpose building. The College address is to be used for all correspondence for students living in the dormitories. Outgoing letters can be placed in the College mailbox.

Campus Security

Very little crime occurs on the campus of Boise Bible College, but we will provide information about incidents of crime that have occurred (as required by the Campus Security Act of 1991).

The College employs a Head Resident and Resident Assistants to enforce curfew and other rules applying to the well-being of the students residing on campus. The Head Resident and a custodian regularly open, close, and check the facilities.

The crime/fire report is available on the college website at www.boisebible.edu.

Code of Conduct

General Philosophy

Since it is assumed that all students at BBC are Christians and that they are attending in order to prepare themselves for service in the church, standards of conduct and behavior are much different than they are at other colleges with which you might be familiar. Boise Bible College is serious about training Christians to live, work, and minister effectively for God. This means that we design programs and develop policies that we believe further our purpose.

Student Handbook

The Student Handbook is the **STANDARD AND GUIDE FOR STUDENT CONDUCT BOTH ON AND OFF CAMPUS**. The details concerning policies and programs relating to student life are found in that document. The descriptions given in this catalog are designed to convey a general sense of the overall approach to campus life at BBC.

Attire

Three attributes are to characterize the clothing of all BBC personnel, from administrators to students: Modesty, Cleanliness, and Professionalism.

Campus Hazing Policy

Boise Bible College heavily discourages and will discipline all instances of hazing. The full campus hazing policy is available upon request.

Drug Policy

The possession and/or use of tobacco, alcohol, narcotics, and other nonprescription drugs is strictly prohibited on campus. No student is to employ such drugs at any time, on or off campus.

The full drug policy is published in the Student Handbook.

Administrative Probation and Suspension

Students who violate College regulations, including the chapel attendance policy, may be subject to administrative discipline. Such measures may include, but are not limited to, the following:

- Restriction to one's apartment or the campus;
- Suspension or dismissal from a student group or team;
- Dismissal from the dormitory;
- Suspension or dismissal from the College.

Please refer to the Student Handbook for details about the causes of possible administrative probation or suspension and for information about how to appeal disciplinary action.

Academic Integrity Policy

As a training center for Christians who are preparing for ministry, BBC expects students to:

- Value honesty and integrity in their lives and to put into practice these vital character traits throughout the education process.
- Produce original work, unless tools making use of artificial intelligence (AI) are explicitly allowed by a professor.

Academic dishonesty is any practice by which a student knowingly and intentionally attempts to distort the truth about his or her own academic performance or that of another student. Examples include but are not limited to:

1. Plagiarism, either by presenting the work of another person as your own or by providing insufficient documentation of your sources.
2. Unauthorized use of Artificial Intelligence (e.g. ChatGPT, DeepAI, BardAI) or anything that generates and/or alters information to create an assignment for the college.
3. Cheating, by copying the work of another student or allowing your work to be copied by another student without acknowledgement, by making use of unauthorized written or electronic aids during an examination, or by making false claims in order to gain concessions from a professor.
3. Falsifying research, results of projects, completion of assignments, citations in a formal paper, or class/chapel attendance for you or another student.
4. Submitting the same work for multiple assignments or courses without the knowledge or consent of the professor.
5. Intentionally interfering with the successful completion of another student's work.

If you have questions about the acceptability of a practice, you should always consult your professor before proceeding.

If a professor suspects the unauthorized use of AI, the student will be subject to scrutiny by the college faculty who will determine the best course of action. Professors have the authority to discipline students for academic dishonesty, which may include failing the assignment or failing the course. For repeat or flagrant violations, the student may be placed on academic probation or suspended by the Vice President of Academics. Students have the right to appeal any disciplinary action.

Due to rapid changes in technology, BBC reserves the right to change this policy as needed.

Access to Educational Records

Boise Bible College maintains student records (e.g. enrollment, assignment grades, attendance, financial records, discipline) for a minimum of three years, and academic transcripts are permanently archived. The Family Educational Rights and Privacy Act of 1974 (20 U.S.C. § 1232g; 34 CFR Part 99), also known

as FERPA, is a federal law protecting the privacy of student education records at all schools receiving U.S. Department of Education funding. Students enrolled in post-secondary education) are afforded certain rights under FERPA:

1. Inspection of education records (i.e. BBC records directly related to the student).
2. The opportunity to request corrections to records thought by the student to be inaccurate or incomplete. Such requests will be answered in writing within 45 days of submission; the student may request a hearing to appeal any denial by the college to amend records.
3. The written permission, with certain exceptions (noted below), of the student for release of the education records.
4. Maintenance of a record of individuals who, in certain situations, inspect the file.
5. The right to file a complaint with the Family Policy Compliance Office.

FERPA allows BBC to release information without a student's prior consent in limited circumstances:

1. School officials with a legitimate educational interest, for whom access to student records is necessary to carry out their responsibilities.
2. Specified officials in connection to audit, evaluation, or accreditation purposes; health or safety emergencies; or compliance with a judicial order or other lawful subpoena.
3. Appropriate parties in connection with student financial aid.
4. "Directory information," defined by the College as a student's name, BBC mailbox, BBC email, enrollment status (including full-time or part-time status and class standing), dates of attendance, degree and major, date (or anticipated date) of graduation, and honors and awards. Students may opt out of such releases in writing to the registrar.

To safeguard student records, the College will not otherwise release transcripts or personally identifiable information unless the request is made in writing and signed by the student.

Graduation Rates

The official "Four-Year Average Student Right-to-Know Completion (Graduation) Rate" for the years 2014-2017 (latest figures available as of publication date) is 45%. The "Four-Year Average Student Right-to-Know Transfer-Out Rate" for the same period is 5%. Contact the registrar's office for the most recent figures.

Placement Rates

One hundred ninety-six (196) graduates received four-year degrees in the most recent ten-year period (2014 to 2023). The figures below represent their standing six months after graduation.

Admitted into Graduate Program	Successfully Found Job in Related Field*	Did Not Seek Job or Sought Job in Unrelated Field	Failed to Find Job In Field
45 (23%)	93 (47%)	48 (24%)	7 (4%)

*Graduates married to full-time ministers are counted as "Hired in Related Field."

Orientation and Registration

College Orientation

Orientation begins the first week of classes to acquaint you with our facilities, personnel, and programs. The schedule includes instructional sessions, proficiency exams, and times for entertainment and fellowship. All new degree-seeking students (including transfer students) must attend orientation and take the proficiency exams.

After the first week of classes, Bible College Navigator will meet once per week to continue your acclimation to BBC.

Registration

Usually two days are allotted to finalize registration and to secure your student I.D., books, and any needed permits. The dates are listed on the college calendar on page 4. Registration takes place in the Crane Chapel.

Academic Advisors

You will be assigned an academic advisor to assist in your course and degree planning.

Warning: While your advisor provides helpful guidance, it is the responsibility of the student alone to ensure that all requirements have been met prior to the deadline for graduation.

Late Registration

Students who are late in registering for classes must pay a late registration fee. They also are responsible for absences and the assignments they have missed.

Testing

Proficiency or assessment testing may be required during Orientation. Late fees may be assessed if you fail to take these tests at the posted times.

Class Line Schedule

Line Schedules for the current academic year are available through the Academic office and online. The College retains the right to revise the schedule or drop courses as it deems necessary.

Pre-Registration

Pre-registration for returning students is held during a two-week window near the end of each semester. Students are coached on planning their schedule and selecting their courses in ASLAN in Bible College Navigator and Sophomore Seminar. Students are responsible for their own pre-registration, but will meet with their academic advisors to confirm or adjust their courses.

Pre-registration for new students is arranged through the registrar's office after students have submitted an intent to enroll and paid the necessary tuition deposit.

Changes of Registration

Change of Registration Process

All changes of registration, such as dropping or adding courses or changing from credit to audit or audit to credit, are made on an official Change-of-Registration form available at the Academic Office. Instructions are on the form.

You are responsible for initiating the change of registration, obtaining the necessary approving signatures and submitting them, together with the fee, to the bookkeeper.

Change of Registration Notations

Changes of registration made on the first week of class are not listed on your transcript. Changes in registration in the following weeks use these notations.

- W Withdrawal—Courses dropped in the second and third week of class (second through sixth weeks for freshmen) receive this notation. It has no effect on your GPA.
- WP Withdrawal while passing the course (no effect on your GPA).
- WF Withdrawal while failing the course (calculated into your GPA as an "F").
- FW Failure to withdraw (calculated into your GPA as an "F").

Deadlines for Changes of Registration

Except under very unusual circumstances, no course may be added after the fourth week of classes.

After the third week of a traditional format course (sixth week for first year students), if you are failing a course when you change your status to that of an auditor, you will receive a WF grade for the course. No changes of registration are permitted after the tenth week of traditional-format classes.

Effective Date for Changes of Registration

The effective date of the change is **the date when the completed form and applicable fee are received by the Business Office**. It is important to complete the process quickly as refund schedules are also affected by the official date of the change.

Change of Major or Program

Any change of major or program after the completion of your sophomore year will require that you become subject to the current catalog including its program and graduation requirements.

Academic Performance

Grading

Basis for Determining Grades

Grades are determined on the basis of such things as attendance, recitations, examinations, papers, projects, and the student's attitude in the classroom. Certain courses, because of their nature, may be assigned a Pass/Fail (P/F) or Credit/No Credit (CR/NCR) grade instead of a letter grade.

Grading Symbols and Grade Point Values

The following symbols and values are assigned to grades earned at BBC.

A to A+	93-100	4 grade points
A-	90-92	3.7 grade points
B+	87-89	3.3 grade points
B.....	83-86	3 grade points
B-	80-82	2.7 grade points
C+	77-79.....	2.3 grade points
C	73-76.....	2 grade points
C-	70-72.....	1.7 grade points
D+	67-69	1.3 grade points
D	63-66	1 grade point
D-	60-62	0.7 grade point
P Pass.....	60-100	no effect on GPA
F Failure	0-59	0 grade points
CR Credit.....	60-100	no effect on GPA
NCR No Credit	0-59	0 grade points
R/	Repeated Class	points vary
I/	Temporary Incomplete Grade.....	points vary
WF ...	Withdrawal Failing	0 grade points
WP....	Withdrawal Passing	no effect on GPA
W.....	Withdrawal—No Grade	no effect on GPA
FW	Failure to Withdraw	0 grade points

Computing Grade Point Averages

To compute your Grade Point Average (GPA) for any given semester, multiply the grade point value (A=4) by the semester credits of each course, add the results, and then divide the sum by the total credits attempted. Pass/Fail classes are not figured into your GPA if you pass them. They are counted in your GPA if you fail them.

Your Cumulative Grade Point Average (CGPA) is calculated in the same manner, but includes the total credits and points for all semesters. Exception: see Repeating a Course.

Grade Reports

Grade reports are delivered to the student by mail or may be obtained from the academic office approximately three weeks after the end of each semester. No course grades are given out to students who have not satisfied all of their financial obligations to the College.

Academic Honors

Dean's Honor Roll

Full-time students with semester grade point averages (GPA) of 3.50 and above.

Honorable Mention

Full-time students with semester GPAs between 3.00 and 3.49.

Incomplete Grades

Faculty members are authorized to grant incompletes for certain unavoidable circumstances, but incompletes are discouraged and are not automatically granted. You must receive approval from the faculty member on an "Incomplete Form" and pay a fee in the Business Office prior to the final exam hour for the class. The Registrar will record your temporary grade as I/(grade). You will then have six weeks after the last day of the final exam week to complete and submit the assigned material for grading. This period includes vacations and holidays.

At the end of the six weeks the registrar will remove the "I" and let the previous grade stand unless a new grade has been submitted by the faculty member. Your GPA and CGPA will be figured on the basis of the incomplete grade until the grade is made permanent.

Classification of Students

Full-time	enrolled for 12 or more credit hours
Part-time	enrolled for less than 12 credit hours
Non-degree	not pursuing a degree or conditionally admitted
Freshman	1-29 hours applicable toward degree
Sophomore	30-59 hours applicable toward degree
Junior.....	60-89 hours applicable toward degree
Senior	90 or more hours applicable toward degree

Repeating a Course

You may re-enroll for the same course a second time. The grade earned the last time the course is taken will be used in computing CGPA and credits earned. Both grades will be recorded on your transcript but only the last one can be used to fulfill degree or certificate requirements. Normal tuition and fees are charged.

Academic Probation

Any student who fails to earn a semester GPA of at least 2.00 will be placed on academic probation. This can have serious consequences for a student:

1. "Academic Probation" will appear on the student's transcript.
2. Students on academic probation are not eligible for scholarships offered by Boise Bible College, and may lose their eligibility for federal student aid such as Pell Grants, Stafford Loans, GI Bill, VA benefits, etc. (See "Satisfactory Academic Progress," p. 21)

As a condition of continued enrollment, students on academic probation are expected to meet several conditions:

1. Enroll in and pass GENL 0710 Academic Accountability.
2. Limit academic load (typically to 12 credits per semester).
3. Loss of privileges to participate in student government, "ambassador" groups such as Camp Ministry Teams, college athletics, student committees in a leadership role, or other activities in which you represent the college in a public fashion.
4. In some cases, limitation of degree program to a two-year degree or a Bible Certificate.
5. Additional conditions may be required on a case-by-case basis by the college Registrar.

Students on academic probation who earn a semester GPA of 2.00 or higher may be released from academic probation and restored to good standing. In some cases, however, limits on financial aid eligibility or degree programs will remain in place until additional conditions have been met.

Academic Suspension

A student may be suspended from school on academic grounds under the following circumstances:

1. Failing to earn a 2.00 semester GPA while on probation, resulting in a second consecutive semester of probation status.
2. Failing to maintain a minimum cumulative GPA, making the prospect of successfully completing the requirements for graduation highly unlikely. The minimum CGPA required is as follows:

After 1st full-time semester (or <12 credits attempted)	1.00 CGPA or higher
After 2nd full-time semester (or 13-24 credits attempted)	1.50 CGPA or higher
After 3rd full-time semester (or 25-36 credits attempted)	1.75 CGPA or higher
After 4th full-time semester (or 37-48 credits attempted)	2.00 CGPA or higher

3. Failing all courses in a single semester.
4. Failing to abide by conditions of a student's academic probation.
5. Gross academic misconduct, such as flagrant or repeated violation of the Academic Integrity Policy.

In such cases the student will be notified of the suspension as quickly as possible by mail. "Academic Suspension" will appear on the student's transcript.

Except in unusual circumstances which require immediate action, review for academic suspension will take place after the conclusion of spring semester.

Students who have been academically suspended and wish to re-enroll must apply for re-admission through the Admissions Department (see page 14).

Regulations regarding academic probation, suspension, and readmission apply to all credit students enrolled for six hours or more. Decisions regarding students with fewer hours will be made on a case-by-case basis.

Alternative Methods of Earning Credit

Preliminary Notes and Cautions

The normal method of obtaining credit for a college course at BBC is to enroll in and successfully complete the course with a passing grade. BBC does offer other means of obtaining credit for some courses required in BBC's degree programs.

You are cautioned to consult with the Academic Dean and/or the Registrar prior to pursuing alternative methods of earning credit since some courses and some students may not be eligible for such credit. Furthermore, many of the decisions regarding alternative methods of receiving credit are made on a case-by-case basis.

Many of the methods for receiving credit described below are available only to students already enrolled at BBC as degree-seeking students.

There are charges for testing and for updating your transcript. See the tuition and fee schedule.

Credit by Transfer

Courses taken at another accredited post-secondary institution may be accepted to meet requirements for our degrees at the discretion of the registrar. Normally, to have credits transfer, classes taken at other institutions must be equivalent to or exceed our course requirements and you must have achieved a grade equivalence of "C" (2.00) or better. We do not transfer credits assigned a "Pass/Fail" grade. Transfer credits apply toward graduation requirements, but not toward your GPA; see page 36 for limits on the number of transfer credits applicable towards graduation.

If you are transferring from an unaccredited institution with which BBC has had no experience, you may be required to provide some or all of the following: course syllabus, notes, faculty credentials, and college catalog.

Some institutions give credits in quarter hours rather than semester hours. A quarter hour is considered to equivalent to two-thirds of a semester credit hour.

Credit by Examination

This method of earning credit is available to students who have successfully passed AP, CLEP, or similar examinations. If the Registrar approves the transfer, a grade of CR (credit, or pass) will be listed on the student's transcript for the appropriate course.

Credit for Military Experience

Students who have taken exams through the DANTES examination program may have those exams evaluated through a similar process as the CLEP exams listed above.

No credit will be given for GED proficiency. Military technical programs will be evaluated on a case-by-case basis through the Registrar's office.

Challenging a Course

You may request to challenge a course if you believe you are already competent in a particular subject matter because of your past education, training, or experience. The course in question should have fairly narrowly-defined content (e.g. OT or NT Introduction), and as a general rule successful challengers should be able to demonstrate awareness of the field's terminology, key concepts, major contributors, contemporary issues and contributors, etc.

To challenge a course you must gain approval from the Academic Dean and the teacher of the course. You must then achieve a minimum score on an examination in the subject. After completing the above requirements you will be assigned the grade you earned on the challenge examination. The grade will be recorded for the class on your BBC transcript and will be factored into your GPA.

General education courses such as English or Math are challenges via CLEP exams (see "Credit by Examination" above). Challenges of practical courses are handled via credit through experiential learning (see below).

See page 16 for charges associated with challenging a course.

Credit for Experiential Learning

If you believe that you already have achieved competencies in an area covered by a particular course through extensive practical experience, you may request through the Academic Dean to have your experience evaluated in relation to the course in question.

The evaluation process will require you to demonstrate that you have already achieved the objectives listed in that course's syllabus. The screening process involves an interview, development of a portfolio (including documentation of past experiences and references), and payment of a processing fee. If sufficient competency is determined following the process above, you will be assigned a grade to be recorded for the class on your transcript and factored into your GPA.

Online Courses

With a few limited exceptions, BBC does not currently offer courses that can be taken in an online format. However, The College does provide access to online courses through a consortium agreement with Ozark Christian College, through which selected courses are offered each semester. The College may also refer students to other institutions that provide quality external studies courses when such work is needed or desired.

A limited number of distance education credits can be applied toward BBC degrees: 32 hours for a four-year program, 16 hours for a two-year program, and 8 hours for a one-year Bible Certificate.

Online Tools for Student

Students have online access to classes and other aspects of college life through ASLAN (Academic, Student Life, and Alumni Network), BBC's online student portal. ASLAN should be the first place you check for resources like course materials, assignment details, or class calendars, and most assignments will be submitted via ASLAN.

Students are also furnished with a student email address while enrolled at the College. This email is accessed through Microsoft Office365, which also gives students free access to many computer programs that are useful for college work.

ASLAN and student email are official channels of communication to students by the College. Students are advised to check these resources frequently (even daily), and are responsible for any information sent to them via these channels.

Class Format

Most classes at BBC meet in 50-minute periods one to three times per week (depending on the number of credit hours) About a third of classes meet one day a week in extended or consecutive periods ("blocks"). A small number of classes, usually one-credit seminars, meet during longer sessions over a single weekend. Dates and times for such classes are posted at the beginning of each semester.

Class Attendance

Because we value the teacher-student relationship and the discipline involved in being in class regularly and on time, class attendance is required.

A letter-grade penalty is assessed when a student's absences exceed the equivalent of two weeks of classes. For block classes each session is equal to 1 week of class, so 2 full absences would reach the limit. For classes that meet in 50-minute periods, 6 absences in a 3-hour class or 4 absences in a 2-hour class would reach the limit. Additional letter grade penalties will accrue with each two weeks of absences.

Tardies also impact attendance. For block classes three tardies are equivalent to missing half a block session and returning late from a break may also be marked as a tardy. For classes that meet in 50-minute periods, 3 tardies are counted as an absence.

Students are permitted to leave class without being considered absent if the teacher or a designated substitute has not arrived within the first fifteen minutes of the class session.

Appropriate administrative departments will be notified if a student's absences affect their class grade. These departments make take action up to administrative withdrawal if warranted.

You are responsible for taking the initiative to communicate with faculty members about making up work missed. They have the option of requiring additional work or of disallowing any makeup work.

Research Papers and Assignments

Because we live among people who have come to expect quality in written and oral presentations, students are expected to strive for excellence in their coursework. All research papers and other formal work must conform to the current edition of the official style manual (Turabian; a formatting guide is available on the college website). Papers will be penalized or rejected for failure to follow the correct format and for errors in grammar.

Unless otherwise stated by faculty, all classwork prepared outside the classroom is expected to be typed and either submitted online through ASLAN or printed and submitted in class. See the faculty or the course syllabi for details on specific requirements.

Examinations

Final and mid-semester examination times are scheduled. A specific schedule is posted for finals at the beginning of the semester. Your finals may not be taken at any other time without the approval of the Academic Dean. Should you desire to reschedule other major exams, you must request and receive approval for a special exam time from the faculty member.

Credit Hour

One credit hour of work represents satisfactory attendance and performance in a course meeting one fifty-minute period each week for one semester. Certain classes (e.g., Concert Choir) receive fewer credit hours than the number of hours they meet each week because there is less out-of-class work. Only two hours of Physical Education and a maximum of six hours of Internship credit can be applied toward a degree.

Academic Work Load

Graduation with a degree requires a minimum of 64 or 128 semester hours of work, depending on the degree being sought. An average academic load of sixteen hours each semester is required to complete the degree program in the normal time frame. Students accepted on a probationary basis or on academic probation are generally required to reduce their class load.

Over the course of a semester successful students generally spend around two hours in personal study for each hour they spend in class. Taking many one- and two- hour classes tends to be more demanding than taking several three-hour classes for the same number of credits.

Full-time students are advised to limit employment hours to no more than twenty hours per week. Freshmen should be particularly careful about work loads until they have adjusted to their college responsibilities.

Graduation Requirements

Academic

1. You must have completed all the required course work for your degree program. Note: If you have not completed your program requirements after 8 years from initial enrollment, or if you have interrupted your studies for 4 or more semesters, you must re-enroll under the program requirements listed in the catalog which is current for the semester of your re-enrollment. Also you have the option to update your degree program to a later catalog at any time. Note: It is the responsibility of the student alone to ensure that all requirements have been met prior to the deadline for graduation.
2. Your CGPA must be at least 2.00. In addition, B.A. and B.S. graduates must earn a GPA of at least 2.00 on courses in their major or minors.
3. The final 32 semester hours must have been earned at BBC (unless the necessary courses are not available on campus).
4. Candidates must also participate in an evaluation process which will include all or some of the following:
 - 1) Exit interviews;
 - 2) Exit tests;
 - 3) An oral exam or presentation relating to their major field of study.

Christian Service

See page 24 of this Catalog and the Student Handbook for details.

Chapel Attendance

See page 24 of this Catalog and the Student Handbook for details.

Character

1. To graduate, you must have demonstrated Christian faith and character of such quality that the Academic Council can recommend you for ministry or further study. If the Council decides that you have serious character deficiencies, they may require counseling, delay your graduation, or even deny your application for graduation.
2. No student will be allowed to graduate while under disciplinary probation.

NOTE: You will not be permitted to go through graduation ceremonies until the above requirements have been met. Graduation requirements are subject to change.

Graduation Honors

These honors are given to graduating seniors completing at least 32 semester hours with the required cumulative grade point average (CGPA).

Summa Cum Laude	3.75 to 4.00 CGPA
Magna Cum Laude	3.50 to 3.74 CGPA
Cum Laude.....	3.25 to 3.49 CGPA

Procedure for Graduating

1. Apply for your degree or certificate by filling out an "Application for Graduation" form and submit it (with the graduation fee) by February 1. (Applications for Graduation submitted after February 1 will incur a late fee. No Applications for Graduation will be accepted after April 1.)
2. Complete all external studies courses by April 1 of the year of graduation. Official transcripts must be received at BBC by May 1. Note: While you may be able to finish correspondence courses early enough to meet deadlines, regular spring semester courses at most colleges end too late to meet this deadline.
3. Satisfy all academic requirements by the beginning of the final examination week of the semester of graduation. (In specific circumstances, students may be allowed to participate in commencement ceremonies who have one requirement left to complete, have an actionable plan for its completion, and have appealed to the registrar for permission to participate.)
4. Satisfy all financial obligations with the College (by May 1 of the year of graduation).
5. Your Application for Graduation must be approved by the Academic Council.
6. You must participate in the commencement program unless a written request for excuse is approved by the administration of the College.

Second Bachelor's Degree

To earn a second bachelor's degree from Boise Bible College, you must:

1. Complete a minimum of 30 additional semester hours of resident work beyond the hours required for your first BBC degree.
2. Complete the requirements for the second degree program as approved by the Academic Dean. Courses used to satisfy the requirements of one major can not be used to satisfy the requirements of the additional major.
3. Satisfactorily fulfill all other College graduation requirements.

Degree and Program Objectives

Overview

Boise Bible College has designed its curriculum with specific objectives in mind. We aim to help you become a person of influence through:

- An ability to think critically and biblically.
- A consecrated way of life.
- A thoughtful and effective approach to leadership

The chart below provides an overview of our goals for you as your academic career at Boise Bible College progresses.

All 4- and 2-year degrees at Boise Bible College are built around three components:

1. General Education: Courses that deal with a broad array of knowledge about the world around us.
2. Bible: Courses focusing on an understanding of theology and the Word of God.
3. Ministry: Courses which are intended to lead to competence in the student's chosen professional field.

It is necessary to fulfill all requirements in each of these components in order to successfully complete the degree. Each component, and each course, plays a role in your overall development as a person of influence.

Each degree will also have its own set of objectives specific to that degree. These objectives define the competencies considered vital to success in your chosen ministry field.

Goals We Believe You Can Achieve at BBC

Forming a Biblical Worldview that Integrates:

Academic Formation

Develop **skills for learning and communicating** so you acquire proficiency in your ability to listen, read, research, think, write, and speak.

Spiritual Formation

Understand the biblical narrative and vocabulary, and how to interpret Scripture. Grasp the teachings of Scripture and apply them to your life through a self-sustaining and growing passion to:

- Know God,
- Value Truth,
- Pursue personal holiness, and

FRESHMAN AND SOPHOMORE YEARS

JUNIOR AND SENIOR YEARS

Waypoints

The BBC curriculum provides a logical and systematic path for students to follow in their pursuit of their educational goals. But students often have difficulty seeing where they are on that path, especially when they are focused on passing a particular test or meeting a looming deadline. BBC uses "Waypoints" to address this issue.

Waypoint is a navigational term used to identify an intermediate point on a route. In the days before navigation by GPS, waypoints were often remarkable natural landmarks that encouraged the traveler to stop for a moment. Waypoints mark progress on a journey. They prompt the traveler to look toward the next intermediate goal, get new bearings, and muster up the motivation to keep on toward the destination.

At BBC, Waypoints help students mark progress on their educational journey, make sense of what they are experiencing, and make wise personal choices that will enhance the value of the education they are receiving. Some Waypoints involve academic courses. Other components are non-credit and non-academic. A significant aspect of Waypoints is that they encourage self-reflection, dialogue with fellow students, and dialogue with faculty.

Freshman Waypoints

Bible College Navigator

This course is designed to help students understand the overall academic process:

- Orientation to college life
- Understanding the implications of one's learning styles
- Introduction to academic terminology and to the concept of competencies.
- Mid-semester self-assessment and personal performance review.
- Explanation of degree programs
- Encouragement of a healthy approach to fulfilling program requirements

Christian Life

This class stresses a life of submission and devotion to God and explains BBC's character competencies:

- Devotion to God
- Gentleness
- Integrity (Honesty)
- Relationship to Assets
- Self-Giving
- Self-Discipline
- Sexual Purity
- Speech
- Submission to Authority

Freshman Class Meetings

A faculty advisor meets with the freshman class each month to:

- Help students interpret their experiences.
- Prepare them for upcoming events and potential morale busters.
- Help students keep in mind their goals for coming to BBC.

Sophomore Waypoints

Sophomore Class Meetings

The sophomore year can be difficult because the novelty of being at college has worn off. The sophomore faculty advisor meets with the class each month to encourage the students.

Sophomore Seminar

This course attempts to help students develop self-awareness and to prepare them for internships.

- Self-assessment using BBC competencies.
- Identifying implications of one's personality style.
- Introduction to terminology of emotional intelligence.
- Developing a personal growth plan.
- Preparing for internships
- Tools for "self-advicing."
- Exit guidance for AS graduates.

Upperclassman Waypoints

Junior Summit

Junior Summit is a retreat open only to juniors that emphasizes ministry in a team environment:

- Self-awareness of leadership potential and leadership style.
- Defining personal gaps in team situations.
- Updating one's personal growth plan.

Senior Seminar

This course is designed to help the senior look past graduation to make needed preparations for what lies beyond BBC.

- Reviewing personal progress (internship evaluations, past assessments, growth goals).
- Self-assessment on BBC Competencies.
- Development of a senior plan for the final year of school and the first months after graduation.
- Exit questionnaires and focus-group debriefs, leading to dialogue with faculty about the BBC experience.
- Exit interview, a dialogue with faculty about the senior plan.

Bachelor of Arts Degree

Description

The Bachelor of Arts is a professional degree which can be completed in four years. It is a degree for people who wish to do the fullest possible study of the New Testament in the original Greek language or those who will enter graduate seminary programs requiring Greek as a prerequisite.

A Bachelor of Arts degree has three components:

1. **General Education Core**, a 39-credit series of courses which covers a broad range of languages, humanities, social sciences, and other general studies. A special feature of the BA General Education core is 9 credits of lower division Greek study.
2. **Bible Major**, a 45-credit series of courses which progresses from introductory to advanced studies in theology and the Bible. A special feature of the BA Bible major is 6 credits of upper division Greek study.
3. **Ministry Program**, a 44-credit series of courses based on the specific field or fields of ministry you choose as a student to pursue. The ministry programs available at BBC are explained in detail on pages 45-63.

Objectives

All Bachelor of Arts degrees are designed to prepare you to secure positions in entry-level professional church ministries or admission into a graduate seminary program by helping you to:

1. Wrestle with theological issues, accurately exegete the Bible, and make appropriate applications to life and ministry circumstances (Bible Major).
2. Effectively communicate God's truth with contextual awareness, discernment, and sensitivity (General Education Core and Bible Major).
3. Gain a working knowledge of New Testament Greek (General Education Core and Bible Major).
4. Approach ministry in a manner appropriate for the contemporary context (Ministry Program).

You will also be challenged to have a self-sustaining and growing passion to know God, to pursue personal holiness, and to promote growth and health of Christ's church (All Departments).

Youth Ministry Minor

Description

The Youth Ministry minor is made up of two components:

1. Youth Ministry Core, a series of courses designed to teach essential skills for anyone working in the field of small group ministry.
2. Internship, an opportunity for you to learn small group ministry through practical field experience.

Program Objectives

The Youth Ministry minor is designed to help you accomplish several goals:

1. You will develop a sound philosophy of youth ministry based upon biblical principles and the needs of the Church for Bible study, fellowship, discipleship, ministry, and outreach.
2. You will be able to develop and teach effective youth lessons with various designed purposes to fulfill the Great Commission.
3. You will be able to effectively organize, lead, and administrate a youth ministry.
4. You will be able to recruit, train, and motivate the workers needed to run a productive youth ministry.
5. You will develop the ability to work with other church staff, ministry leaders, volunteers, and church members to accomplish the mission and goals of a congregation.

Description

The Christian Psychology major is combined with the General Education core and the Bible major to complete the program requirements of a Bachelor of Science degree. (Due to the requirements of this major, it is not available as part of a Bachelor of Arts degree). The major is made up of four components:

1. Christian Ministries Core, a series of courses which give you exposure to a broad range of ministry fields and develop your ministry skills and outlook in a systematic way.
2. Christian Psychology Core, a series of courses designed to teach essential skills for anyone working in the field of helping professions.
3. Psychology or Counseling Electives, an opportunity for you to take field-specific courses according to your own personal and professional goals.
4. Observation, an opportunity for you to learn helping professions through observation in a “live” environment.

Program Objectives

Graduates of this program will be prepared to enter a graduate counseling program, seminary program, or a variety of social service professions by achieving the following objectives:

1. Students will have a biblical perspective on emotional health.
2. Students will understand and critically evaluate common psychological terminology, major theoretical perspectives, and have a broad overview of the history of the field.
3. Students will demonstrate a basic understanding of statistics and be able to evaluate research methods.
4. Students will understand the characteristics and common crises associated with the various stages of life.
5. Students will be able to demonstrate understanding of basic counseling skills, concepts, and techniques.
6. Students will demonstrate people skills (empathy, integrity, professionalism, effective communication, collaboration with others, etc.) necessary for ministry and/or a human services context.

Professional Licensing Disclosure

Certification to become a licensed counselor cannot be achieved at the undergraduate level. See page 76 for information about steps to becoming certified in counseling or other helping professions after completing this program.

Bachelor of Arts or Bachelor of Science in Christian Teaching

Description

The Christian Teaching strong minor is combined with the General Education core and the Bible major to complete the program requirements of a Bachelor of Arts or Bachelor of Science degree. The strong minor is made up of five components:

1. Christian Ministries Core, a series of courses which give you exposure to a broad range of ministry fields and develop your ministry skills and outlook in a systematic way.
2. Christian Teaching Core, a series of courses designed to teach essential skills for anyone working in the field of Christian teaching.
3. Student Teaching, a semester spent in a live classroom setting away from the College in which you will learn and grow as a teacher through mentored field experience.

Program Objectives

The Christian Teaching major is designed to prepare you to seek teacher certification by means of the American Board certification program (www.americanboard.org) or by entrance into a Master of Education or Master of Arts in Teaching program leading to teacher certification, by helping you achieve the following objectives:

1. You will be able to effectively plan, organize, and develop instructional curriculum, and/or evaluate and revise curriculum.
2. You will be able to utilize effective classroom management skills and develop positive learning environment for students.
3. You will be able to develop and teach effective lessons by using effective educational models, methods, activities, and strategies.
4. You will be able to broaden your relational skills for effective interaction with students, collaboration with fellow instructors, and communication with parents.
5. You will be able to develop a sound philosophy of Christian education based upon biblical principles integrated with educational theory to meet the developmental, educational, and spiritual needs of students.

See page 76 for information about steps to becoming a certified teacher after completing this program.

Residency Options in Designated Majors

Overview

Three types of experiential learning are classified as residencies at Boise Bible College:

- For students pursuing many ministry degrees, a residency involves a nine-month immersion in a ministry context.
- Residencies in the intercultural studies program embed students in a cross-cultural ministry context for nine months.
- A semester of student teaching is the format a residency takes in the Christian teaching program.

Students who are involved in residencies are officially enrolled as students of the College and may qualify for financial aid and scholarships. They will generally have to remotely enroll in a class or two at the College while engaged in their residency.

The residency experience in Christian Teaching is a mandatory aspect of that program. For all other programs, the residency experience is an option. Students interested in pursuing that option should inform their academic advisor before the end of their sophomore years.

Christian Education Interdisciplinary Residency Option

For Christian Education Interdisciplinary majors who opt for a residency experience, these requirements replace the Christian Education Interdisciplinary major requirements on page 46.

Bachelor of Arts or Bachelor of Science in Christian Ministry (Spiritual Formation and Discipleship Major)

Description

The Bachelor of Interdisciplinary Studies is a professional degree which is designed for students who already hold a Bachelor's Degree from another college or university or who have earned 60 credits of appropriate and transferable general education courses.

The Bachelor of Interdisciplinary Studies has three components:

1. General Education Core, which includes a block of 60 general education credits which are transferred from your previous degree or college work. Your previous work must include broad experience in languages, communications, natural sciences or mathematics, social sciences, philosophy, and history. If your previous college work is lacking in any of these areas, you may be required to take additional general education courses at BBC. Also included are a mix of courses in philosophy and history which will help ground you in a biblical worldview.
2. Bible Major, a 31-credit series of courses which progresses from introductory to advanced studies in theology and the Bible.
3. Guided Studies or Major, a 29-credit series of courses based on the specific field of ministry you choose as a student to pursue.

Objectives

By making strategic use of your guided electives, this program can prepare you to succeed in graduate seminary training and/or to serve effectively in an entry-level vocational ministry position by helping you:

1. Gain broad working knowledge of the Bible.
2. Accurately and effectively communicate God's truth.
3. Approach ministry in a manner appropriate to the contemporary context.

You will also be challenged to have a self-sustaining and growing passion to know God, to pursue personal holiness, and to promote the growth and health of Christ's church.

Ordination

Boise Bible College does not ordain or license clergy. See page 76 for information about steps to becoming ordained into ministry after completing this program.

Description

The Bachelor of Bible is a professional degrees which is designed for students who already hold a Bachelors Degree from another college or university or who have earned 60 credits of appropriate and transferable general education courses.

The Bachelor of Bible has three components:

1. General Education Core, which includes a block of 60 general education credits which are transferred from your previous degree or college work. Your previous work must include broad experience in languages, communications, natural sciences or mathematics, social sciences, philosophy, and history. If your previous college work is lacking in any of these areas, you may be required to take additional general education courses at BBC. Also included are a mix of courses in philosophy and history which will help ground you in a biblical worldview.
2. Bible Major, a 38-credit series of courses which progresses from introductory to advanced studies in theology and the Bible and includes room for Bible and theology electives.
3. Guided Studies or Major, a 19-credit series of practical ministry courses designed to equip you with basic ministry skills.

Objectives

By making strategic use of your guided electives, this program can prepare you to succeed in graduate seminary training and/or to serve effectively in an entry-level vocational ministry position by helping you:

1. Gain broad working knowledge of the Bible.
2. Accurately and effectively communicate God's truth.
3. Approach ministry in a manner appropriate to the contemporary context.

You will also be challenged to have a self-sustaining and growing passion to know God, to pursue personal holiness, and to promote the growth and health of Christ's church.

Ordination

Boise Bible College does not ordain or license clergy. See page 76 for information about steps to becoming ordained into ministry after completing this program.

Description

The Associate of Science is a college degree which can be completed in two years. While not intended to prepare you for vocational church work, it is designed to build a student's ability to work effectively in a church, to set a solid Christian foundation before entering the work force, or to lead into cooperative programs at other colleges.

An Associate of Science degree has three components:

1. General Education Core, a 20-credit series of courses which covers a broad range of languages, humanities, social sciences, and other general studies.
2. Bible Core, a 22-credit series of courses which covers introductory studies in theology and the Bible.
3. Concentration, a 22-credit series of courses based on the specific field of ministry you choose as a student to pursue. The concentrations available at BBC are explained in detail on pages 69-74.

Objectives

All Associate of Science degrees are designed to help you achieve:

1. A measure of proficiency in the ability to research, think, and communicate (General Studies Core).
2. A basic understanding of the context of the Bible (Bible Core).
3. An awareness of the types of ministries that exist in the contemporary American church (Ministry Core).

You will also be challenged to have a self-sustaining and growing passion to know God, to pursue personal holiness, and to promote the growth and health of Christ's church. (All Departments)

Associate of Science in Bible

Description

The Bible concentration is combined with the General Education core and the Bible core to complete the program requirements of an Associate of Science degree. The concentration is made up of four components:

1. Christian Ministries Core, a series of courses which give you exposure to a range of ministry fields and develop your ministry skills and outlook in a systematic way.
2. Bible Core, a series of courses designed to teach basic skills for teaching Bible and theology in ministry settings.
3. Bible Electives, an opportunity for you to focus your studies on biblical and theological issues which are of special interest to you and to strengthen your ability to properly exegete the Word of God.
4. Ministry Electives, an opportunity for you to diversify your curriculum by taking courses in a ministry field of interest to you.

Program Objectives

The Bible concentration is designed to help you accomplish two goals:

1. You will enrich your personal life and ministry with a broader knowledge of the Bible.
2. You will work more effectively in the teaching ministry of the Church.

AS Christian Education Program

Description

The Christian Education concentration is combined with the General Education core and the Bible core to complete the program requirements of an Associate of Science degree. The concentration is made up of four components:

1. Christian Ministries Core, a series of courses which give you exposure to a range of ministry fields and develop your ministry skills and outlook in a systematic way.
2. Christian Education Core, a series of courses designed to teach basic skills for anyone working in the field of Christian education.
3. Guided Electives, a “menu” of courses, any of which would prove valuable in the field of Christian education, from which you can choose based on your personal goals and interests.
4. Ministry Electives, an opportunity for you to diversify your curriculum by taking courses in a ministry field other than Christian education or to augment your Christian education degree by taking additional courses in that field.

Program Objectives

The Christian Education concentration is designed to help you:

1. Articulate a beginning philosophy of Christian education.
2. Develop and teach Bible lessons.
3. Gain the basic skills to help lead a Christian education program in a church.

Articulation Agreement with Hope International University

Boise Bible College and Hope International University (Fullerton, CA) have a cooperative program which allows a student who has earned an A.S. in Christian Education at BBC to transfer into the education program at HIU without significant loss of credit. Bible Certificate (28 credits)

Description

The Bible Certificate is a program for students who plan to only spend one year in a Bible college environment before moving on to the next phase of their education, career, or life. While not an actual college degree, the Bible Certificate is designed to give a sense of purpose to your studies and a sense of completion once the year is through.

A Bible Certificate has two components:

1. Bible Certificate Core, a 18-credit series of courses which covers general studies in theology, the Bible, ministry, and Christian worldviews.
2. Electives, a block of 10 credits which, within certain limitations, you can choose based on your personal goals and interests

Objectives

The Bible Certificate is designed to:

1. Help you grow in your knowledge of the Bible.
2. Expose you to ministries commonly found in the local church.

You will also be challenged to have a self-sustaining and growing passion to know God, to pursue personal holiness, and to promote the growth and health of Christ's church.

Achieving Ordination

Boise Bible College does not ordain or license clergy.

Because ordination requirements vary according to church and denomination, it is impossible for the College to provide an exhaustive list of requirements. In free-church associations such as the Restoration Movement, ordination is typically the prerogative of the elders of individual congregations. In many denominational bodies, ordination requirements are set by the governing body of the denomination. Students should consult the necessary ordaining authorities relevant to their circumstances.

Achieving Certification in Christian Psychology fields

Boise Bible College degrees do not lead directly to professional licensure in Christian Psychology fields. However, BBC graduates can achieve certification in counseling through Master's level programs available at several institutions. The College recommend the masters programs in counseling at the following institutions that welcome our students: Hope International University (Fullerton, CA), Johnson Bible College (Knoxville, TN), Lincoln Christian Seminary (Lincoln, IL), and George Fox University (Newberg, OR).

Students seeking the BA/BS Christian Psychology degree (page 58) should be aware that, with slight variations, all states require a minimum of a masters degree in counseling to be properly certified as a professional counselor. However, past graduates of BBC who chose not to acquire a masters degree in counseling have found employment as volunteer "counselors" at crisis pregnancy centers or children's services centers. Some graduates have found employment with organizations that provide Psycho-Social Rehabilitation (PSR) services, but the student should be informed that the qualifications for these jobs may vary according to each organization's requirements. Some minimal additional training and experience may be required for PSR or similar positions. We encourage Christian Psychology students to earn a minimum of 21 counseling/psychology credits in their degree at Boise Bible College to help in qualifying for PSR or similar employment.

Achieving Teacher Certification

Boise Bible College degrees do not lead directly to professional licensure in education fields. However, BBC students who wish to enter the teaching profession with certification are encouraged to take one of the following paths:

1. Secure a **B.A. or B.S. in Christian Teaching (page 59)**, then apply for entrance into an M.Ed. or M.A.T. program from a graduate school to achieve certification. This path can be completed within twelve to eighteen months of graduation from Boise Bible College, depending on the program and graduate school.
2. Secure a **B.S. in Christian Teaching**, then complete the Passport to Teaching program through American Board. As of July 2026 this path can lead to teacher certification in the following states: Alabama, Arkansas, Florida, Idaho, Indiana, Mississippi, Montana, Nebraska, North Dakota, Ohio, Oklahoma, Pennsylvania, West Virginia, and Wisconsin. See www.americanboard.org for further details.

These paths can lead to placement in both public and private schools. See the professor of Christian Teaching for details about these paths to teacher certification.

Certification for **elementary education** is the easiest to achieve with the paths above. Certification for **secondary education** will require 15 hours of course work in your primary field of instruction (history, math, etc.) at another institution. These hours can be incorporated into the block of elective hours built into the Christian Teaching minor or taken at the graduate level.

Students seeking teacher certification must be able to pass all required standardized tests required by graduate schools and state boards of education to become certified.

Introduction to Course Descriptions

Overview

On the following pages are listed the courses offered at Boise Bible College. With each listing is a brief description of the material covered by the course.

Other features of the course description are listed on this page to help you more quickly comprehend the course descriptions.

Disciplines

Courses are listed according to their disciplines or areas of study (e.g. Bible: New Testament, English, Intercultural Studies, etc.) in alphabetical order of the discipline.

Courses listed outside their primary discipline and without a description at the end of each section can potentially be used (with approval) to earn credit under this discipline. For example, LEAD 2420 Interpersonal Communication is a leadership class that is also listed without description in the communications section and can (with permission) be used to earn general elective credit.

Course ID

The alphanumeric course IDs (e.g., BBNT 2010) are used to help you identify the following information about a course:

First Four Letters (BBNT 2010)

The first four letters of a course ID identify the discipline.

First Number (BBNT 2010)

The first number of a course ID identifies the level of academic difficulty:

- 0000s=Remedial (cannot be used to satisfy degree requirements)
- 1000s=Freshman
- 2000s=Sophomore
- 3000s=Junior
- 4000s=Senior

Second Number (BBNT 2010)

In general, the second number of a course indicates the place the course occupies in BBC's curriculum.

- 0-1=Usually indicates a course is required in most or all degree programs.
- 2-3=Usually indicates a course is required in specific programs and majors.
- 4-7=Usually indicates a course is elective in nature.
- 8-9=Internships and other directed or experiential learning courses.

Internships

The course ID of an internship or other mentored learning experience usually indicates the following information:

- Third number: indicates whether an internship is the student's first, second, third, or fourth.
- Fourth number: indicates whether an internship is one or two credits.

Credit Hours

The number in the upper right of the course description indicates the number of semester credit hours earned for the course.

Prerequisites

Some courses have one or more prerequisites. These courses cannot be taken until the prerequisite course or courses have been completed. If a course has prerequisites, the prerequisite course or courses will be listed with the course description.

Key To Symbols

- $\frac{1}{4}$ Course is offered on a four-semester cycle (i.e. one semester in every four)
- Ir** Course is offered on an irregular cycle (i.e., not part of the four-semester cycle but appears periodically)
- P** Course has prerequisites
- R** Course is repeatable for credit (i.e., may be taken more than once for credit)

Changes in Course Descriptions and Offerings

Courses are subject to change without Catalog notice.

The College reserves the right to cancel any course for which there is insufficient registration or for which there is no qualified teaching personnel available.

The College may offer new courses not currently listed on the basis of sufficient demand, facilities, and personnel.

American Sign Language

ASLA 1110-1120 American Sign Language 3-3

An introduction to American Sign Language (ASL), deaf culture, and various ministries to the deaf community. The course will teach finger spelling, numbers, the grammar and basic vocabulary needed for conversing with the deaf, and the specialized vocabulary required for communicating within the context of church and ministry.

Anthropology

Anthropology courses taken for elective credit apply to the following elective categories, in order of priority: 1) Social Science electives, 2) General electives, 3) Open electives.

ANTH 2110 Cultural Anthropology ¼ • 3

An introductory study of cultures and customs throughout the world to discover their purpose and importance in societies. Special emphasis is given to the problems and opportunities presented by these cultural differences in ministering to people.

Bible

Bible courses taken for elective credit apply to the following elective categories, in order of priority: 1) Major guided electives, 2) Bible/Theology electives, 3) Open electives.

BBLE 1010 Journey Through the Bible 3

A survey of the Bible's unfolding redemption plan, this class will trace the story of the Messianic Promise as it develops through the Old Testament era and finds fulfillment in the appearance of Jesus and the establishment of the New Covenant.

BBLE 2710/3710 Tour of Bible Lands

A tour (approximately two weeks) of locations significant to biblical or church history. Credit hours are determined by the academic workload related to recording experiences on the trip and/or researching sites and peoples encountered.

BBLE 2710 Tour of Bible Lands Ir • 2

BBLE 3710 Tour of Bible Lands Ir • 3

Bible Practicum

A course that facilitates learning outside the classroom. The program is tailored to the student's goals, and can include travel, serving as teaching assistant, teaching a class, etc. (Pre-requisite: MINS 2010 and approval)

BBLE 3811 Bible Practicum P • 1
First practicum.

BBLE 3821 Bible Practicum P • 1
Second practicum.

BBLE 3831 Bible Practicum P • 1
Third practicum.

Bachelor's Thesis

A guided in-depth study of a biblical or theological topic culminating in a writing project and oral defense. (Pre-requisite: MINS 2010 and approval)

BBLE 4812 Bachelor's Thesis P • 2
First research project.

BBLE 4822 Bachelor's Thesis P • 2
Second research project.

Bible (New Testament)

New Testament courses taken for elective credit apply to the following elective categories, in order of priority: 1) Major guided electives, 2) Bible/Theology electives, 3) Open electives.

BBNT 1010 New Testament Introduction 2

A basic course offering a knowledge of the origin, theme, and content of each N.T. book with an emphasis on the use of basic Bible study tools. Certain historical and geographical backgrounds are included.

BBNT 1210 Life and Ministry with Jesus 3
