Cross Connection Control Program Testing Notice

Print Date: _____

Dear Water Customer, please provide this page(s) to your tester.

ATTENTION TESTERS ONLY: This correspondence addresses testing of backflow prevention assemblies. Following completion of testing and/or repairs, all test results must be submitted online at gethydrosoft.com. Test forms will no longer be accepted via mail, fax or email. A onetime registration process must be completed by each tester before any test results will be accepted. Testers will be required to provide the reference number listed below upon submission of test results for each facility where testing has been completed. If you are a tester and have questions or require additional information please contact our tester hotline at 1-844-950-5026. If you are a water customer and have questions or require additional information please call our main customer help desk at 1-800-690-6651.

Completed test forms are to be entered online by _____
