CAMARO PRODUCT BROCHURE

POLYFLOR

Step inside.™

THE WOOD COLLECTION

With regard to colour printing, it is only possible to give a provisional representation of the colour. For colour selection, an original sample should be used which we shall be pleased to supply. To replicate the natural material, the wood effect products may contain knots or markings as part of their design.

R11

The R values shown denote a ramp test result, which is an ex-factory measure of slip resistance. For safety flooring with sustainable wet slip resistance, refer to the Polysafe ranges.

ACCESSORIES

The realism and natural effects of the tiles and planks alone allow you to create a beautiful new floor. But to really enhance your design or to create a unique feature the below floor accessories offer a wide scope for creativity.

Grouting Strips

These strips have been developed to add to the authenticity of the overall floor. Typically laid between Camaro Stone tiles, they can really bring an installation to life. Available in 5 coordinating and realistic stone grout colours, Camaro Grouting Strips can also be utilised to create a room perimeter or feature area, such as around island units. As a tip, they can be used as a subtle close-to-tile colour addition or as a contrasting highlight effect.

Strip size: 3mm x 914mm

Ice Grouting Strip and Black Oilshale cut tile

Marquetry Strips

Used in a similar way to the Grouting Strips, Camaro Marquetry Strips are offered to create that authentic and highly desirable detailed wood floor installation. Available in 4 popular wood types, they can be inlaid between planks to create a 'ships decking' effect or as perimeter or highlight feature.

Strip size: 3mm x 914mm

Classic Oak Marquetry Strip and White Limed Oak plank

Design Tip: *It is worth noting that although the Grouting Strips are ideal for the stone tiles and the Marquetry Strips suit the wood planks, they can be mixed and matched between tiles and planks to further create a unique look.*

Note: As the Grouting and Marquetry Strips are cut from natural wood and stone designs, there will be variation in markings and decoration.

Feature Strips

Camaro Feature Strips provide an alternative look to the Grouting & Marquetry Strips. Available in 7 solid colourways, these strips provide a bolder and more graphic look to the installation, which are also inlaid with tiles and planks.

Brown Feature Strip and Vintage Timber plank

0031 Brown

Strip size: 5mm x 1000mm

Borders & Corners

The below linear drawings demonstrate the most popular border and corner designs which are installed to follow the perimeter of your room or as a dramatic highlight to feature areas. Each design is available in any Camaro colour combination, the choice is yours. This facility allows you to mix and match products according to your personal taste. Border and Corner length and width will always depend on the design and colours chosen.

All borders and corners are cut by Polyflor on a bespoke basis. Borders are typically supplied in 101 x 914mm lengths. Corners are 101mm². Alternative sizes can be supplied.
