Package with confidence

Locally manufactured packaging solutions for food, hospitality and consumer businesses

Packaging built for real business needs

About VerraPak

VerraPak is AWR Group's UAE-grown packaging business, delivering locally manufactured packaging solutions for food, hospitality and consumer brands across the region and beyond.

We combine advanced printing and customisation capabilities, BRCGS Packaging Materials certification, responsible practices and hands-on customer partnership to develop solutions around the realities of each product, brand and operation. The result is packaging that performs in practice, strengthens presentation and gives businesses greater confidence in every packaging decision.

Made closer to your market

Our manufacturing platform in Dubai Industrial City gives us the control, responsiveness and market understanding needed to support customers across the UAE, the wider region and beyond. This local capability is strengthened by international raw-material relationships, helping us balance proximity, quality and supply confidence.

Built around products, operations and brands

Our packaging solutions are developed with the full application in mind — from format, capacity and material through to closure, presentation, filling, handling, storage and transport. Advanced printing and customisation capabilities also help customers align functional requirements with brand presentation.

Partnership beyond the order

Our team works closely with customers to understand their requirements, recommend appropriate solutions and support changing needs over time. It is a hands-on approach designed to enable better packaging decisions and long-term customer success.

Packaging solutions for products, operations and brands

Practical, presentation-ready kraft packaging for food production, food service, delivery, retail display, ready-to-eat meals, catering and fresh produce – across versatile round and square formats, with compatible lid options and custom printing available.

Brown and White Round Kraft Tubs

Versatile 8 oz, 12 oz and 16 oz round tubs for compact servings, sides, snacks, dips, desserts and takeaway portions. Available in brown and white finishes, VerraPak round kraft tubs offer a practical, presentation-ready solution for everyday foodservice needs.

Selected formats are available in single- and double-PE-coated constructions, with compatible 98 mm paper and transparent PP lid options.

Single PE Coated — Brown

Product Code	Dimensions	Material (GSM)	Capacity	Pack Qty
VP-000037	98 × 60 mm	280 + 18	8 oz (236 ml)	500
VP-000038	98 × 70 mm	280 + 18	12 oz (355 ml)	500
VP-000039	98 × 100 mm	280 + 18	16 oz (473 ml)	500

Double PE Coated — Brown

Product Code	Dimensions	Material (GSM)	Capacity	Pack Qty
VP-000124	98 × 60 mm	12 + 280 + 18	8 oz (236 ml)	500
VP-000188	98 × 70 mm	12 + 280 + 18	12 oz (355 ml)	500
VP-000200	98 × 100 mm	12 + 280 + 18	16 oz (473 ml)	500

Single PE Coated — White

Product Code	Dimensions	Material (GSM)	Capacity	Pack Qty
VP-000013	98 × 60 mm	280 + 18	8 oz (236 ml)	500
VP-000014	98 × 70 mm	280 + 18	12 oz (355 ml)	500
VP-000015	98 × 100 mm	280 + 18	16 oz (473 ml)	500

Double PE Coated — White

Product Code	Dimensions	Material (GSM)	Capacity	Pack Qty
VP-000233	98 × 60 mm	12 + 280 + 18	8 oz (236 ml)	500
VP-000186	98 × 70 mm	12 + 280 + 18	12 oz (355 ml)	500
VP-000198	98 × 100 mm	12 + 280 + 18	16 oz (473 ml)	500

Product suitability depends on food type, temperature, filling process, storage conditions, transport requirements, lid type and period of use. Confirm product-specific suitability before ordering.

Compatible 98 mm Lids

Paper and transparent PP lid options are available across the brown and white round kraft tub range, providing secure closure, convenient handling and a choice between coordinated kraft presentation and clear product visibility.

Select the appropriate lid by product code, intended application and required use conditions.

Product Code	Diameter	Material	Colour / Finish	Pack Qty
VP-000047	✕ 98 mm	Kraft Paper	Brown	 500
VP-000023	✕ 98 mm	Paper	White	 500
MADE IN THE "UAE" EMIRATES 				
VP-002257	✕ 98 mm	PP	Transparent	 500
				

All brown and white round kraft tub formats (single and double-PE-coated) are compatible with the full 98 mm lid range.

Brown and White Round Kraft Bowls

Practical 20 oz, 26 oz and 32 oz round bowls for salads, rice and grain bowls, pasta, ready-to-eat meals, takeaway, catering and retail foodservice.

Available in brown and white finishes, with selected single- and double-PE-coated constructions, the range combines sturdy construction with clean presentation and is supported by compatible 150 mm paper, PP and PET lid options.

Single PE Coated — Brown

Product Feature Guidance

The features shown in this catalogue provide general guidance and may vary by product. Suitability depends on the specific container, lid, food type, fill temperature, duration of use, storage, transport and handling conditions. Please confirm product-specific requirements with VerraPak where needed.

Recyclability

Made using recyclable material components, subject to local recycling capabilities, product construction and condition after use.

Microwave Guidance

Microwave suitability depends on the specific container and lid material. Confirm product-specific guidance before use.

Made in the UAE

All VerraPak products featured in this catalogue are locally manufactured at our Dubai Industrial City facility.

Leak Resistance

Designed to help reduce leakage when the correct lid is fitted and the product is used and handled within the recommended conditions.

Food Contact Safe

Designed for foodservice packaging applications. An FDA certificate for our raw materials is available on request.

Why Choose VerraPak

Made closer to your market

Work with a UAE-grown packaging business combining local manufacturing, BRCGS Packaging Materials certification, market proximity and international raw-material relationships to support quality, consistency, responsiveness and supply confidence.

Built around your brand

Bring your brand to life through customisable formats and advanced multi-colour flexographic printing. Our technology supports high-quality printing in up to six colours, helping businesses combine practical packaging performance with stronger brand presentation.

Partnership beyond the order

Work with a hands-on team offering dedicated customer experience support, practical product guidance and forward planning around your product, operation and evolving requirements.

Responsibility made practical

Explore more responsible packaging choices grounded in material suitability, product performance, operational realities and commercial needs – helping you make informed decisions without compromising on what the application requires.

Backed by AWR Group

Choose a UAE-grown packaging business backed by AWR Group, combining local market understanding with the capabilities, relationships and long-term perspective to support businesses across the region.

What do you need to package?

Tell us about your product, application or business requirement. Our team can help you identify the right format, explore customisation options and determine the best next step.
