A Note from the Director

To the patrons of Momentum Dance Company: thank you so much for supporting our Company dancers today. All of the teachers and choreographers are so proud of these dancers and all of the work they do. They are blossoming into true artists and technicians and each on their own individual journey in dance. Without your support, they would not have these performance and growth opportunities. Your support helps create well rounded humans connected through dance, and these memories will last a lifetime for them. Thank you especially to the parents and caregivers of these amazing dancers, without you, none of this is possible!

To the dancers of Momentum Dance Company: I am continually astounded by the level of dedication, love, and support you have for your team and your craft. It's incredible to see the growth in small periods of time, as well as the long-term year after year growth in which I have the pleasure of taking part in. Seeing you all become amazing humans and artists is what fills my heart and is my life's purpose. Dance is what connects us; it's how we cope with everyday life and challenges, it is a challenge of its own, and it's a safe-haven, always ready to welcome you in a warm embrace in a place we call home. Take a minute to appreciate the art you witness today, give love to the other artists around you, and thank your supporters as well.

Continue being the loving, compassionate, driven, and thoughtful humans that you are. Thank you for sharing your talents, passion, and creativity with me and the faculty at Momentum, and with the audience today. I love you all!

Here's to an amazing season ahead!

With love,
Miss Lauren
