

GENERAL PRICE LIST

These prices are effective as of January 1, 2024 and are subject to change without notice.

OUR PLEDGE

We are committed to providing a wide range of unique service options which will help you create a meaningful and memorable experience for all those affected by the death of your loved one. This General Price List allows us to present these many options in a clear and transparent manner. We believe firmly in open and honest disclosure of our pricing, and pledge to answer all your questions in a thorough and understandable manner.

YOUR RIGHT OF CHOICE

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services selected.

INITIAL CHARGES

BASIC SERVICES OF FUNERAL DIRECTOR AND STAFF.....\$1995

For your convenience, we have arranged a single charge for the basic professional services of our funeral directors and administrative staff. These services include conducting the arrangement conference, securing necessary permits, coordinating the arrangements with the cemetery, crematory, or other third parties, and providing most necessary administrative duties and services that are common to nearly all forms of arrangements. In addition, this fee includes a proportionate share of our basic overhead costs.

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. Prices for services and merchandise may be discounted if funeral or cremation packages are selected.

REDUCED BASIC SERVICES OF FUNERAL DIRECTOR AND STAFF.....\$1330

This fee, which is applicable only to immediate burial, direct cremation, forwarding of remains, and receiving of remains, reflects the reduced use of professional and administrative services, facilities, and overhead when no public viewing, visitation, memorial or funeral services are requested.

This fee for our reduced basic services and overhead is already included in our charges for direct cremation, immediate burials, and forwarding and receiving of remains.

PAYMENT POLICY

We feel it is important for all involved to be realistic with respect to funeral costs. Your choices should not be more than is affordable nor less than what meets your needs and those of your family and friends. As a local, family-owned business we are completely dependent on those we serve to pay all charges promptly. Our payment policies enable us to keep costs down and insure all are treated fairly.

During the arrangement conference you will be making selections of merchandise and services presented to you by your funeral director. You will receive an itemized statement of all charges that must be approved and signed by the person(s) authorizing arrangements and responsible for payment.

Our payment policy requires payment in full of all charges prior to services being rendered or merchandise being provided. Your funeral director can assist you in reviewing additional available payment options.

EMBALMING.....Under 300 lbs: \$695;.....Over 300 lbs: \$895

Embalming allows family and friends the opportunity to see the deceased. Seeing is important to many as a means to internalized the loss and to say goodbye. Embalming allows flexibility for scheduling visitations and funeral services, and can be used for both burial and cremation arrangements.

Except in certain cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

REFRIGERATION.....Starting at \$175

Strode Funeral Home maintains an on-site refrigeration facility. Refrigeration allows for temporary sheltering of the deceased while arrangements such as immediate burial or direct cremation are finalized. Public viewing or time to say goodbye is not possible with refrigeration. This charge is for the first 72 hours; at our discretion we may charge up to \$75 for each additional 24-hour period (or portion thereof) thereafter.
