

At Federal Bid Partners LLC (“FBP”) and through our proprietary GovPulse™ platform, we are committed to protecting your privacy and ensuring the integrity of your information. This Privacy Policy explains how we collect, use, disclose, and safeguard your data across all services, including proposal development, CMMC certification, GSA submissions, and our secure GovPulse™ client portal.

Information We Collect

We collect personal and business data to deliver regulated government contracting and compliance services. This may include:

- Contact details such as your name, email, phone, title, and organization.
- Business credentials including UEI, CAGE Code, NAICS, and PSC identifiers.
- Proposal-related content, pricing structures, labor category descriptions, and compliance documentation.
- Platform data from GovPulse™, including file uploads, activity logs, login credentials, and performance tracking metrics.
- Technical usage data such as IP address, session metadata, cookies, and device type.

How We Use Your Information

Your data is used to provide services that meet federal contracting standards and to enhance your experience with our firm. Typical uses include:

- Developing and submitting compliant federal proposals.
- Delivering CMMC and NIST-based cybersecurity support.
- Managing your onboarding and submissions to the GSA MAS program.
- Enabling secure, trackable access to proposals and deliverables via GovPulse™.
- Monitoring platform performance and compliance with data retention requirements.

Data Sharing and Confidentiality

We do not sell or rent your data. Your information is shared only when necessary to support or fulfill the scope of work, including:

- Internal personnel and advisors who are bound by confidentiality and NDAs.
- Federal agencies, portals, and registries when required for contract submissions or compliance reporting.
- Infrastructure partners providing secure hosting, analytics, or email systems on our behalf.
- Legal authorities, only when disclosure is required by law or court order.

Platform & Data Security

GovPulse™ is hosted in a FedRAMP Moderate-equivalent environment. All proposal data and client files are encrypted both at rest and in transit. We follow strict access control policies aligned with NIST SP 800-171, including:

- Role-based access and least-privilege user provisioning.
- Multi-factor authentication (MFA).
- Audit logging and continuous monitoring.
- Annual penetration testing and risk assessments.

Data Retention

We retain project records, compliance documentation, and associated materials for up to seven (7) years or as required by federal regulatory and archival laws. Clients may request early deletion subject to any outstanding federal compliance requirements.

Your Choices and Rights

You may request access to, correction of, or deletion of your information at any time. Requests can be submitted to our Privacy Office at: privacy@federalbidpartners.com

Policy Updates

We may update this Privacy Policy periodically to reflect new services, technology improvements, or regulatory changes. When we do, the latest version will be posted on our website and within the GovPulse™ portal.
