Tuition covers all field trips, including trips to Springfield and Washington D.C. in 7th & 8th grade.

Multiple Child Rate — 10% less for each child after the first child is enrolled at St. James. This rate applies to multiple children both in 5 full day programs only.

Church Discount — 10% less for each child enrolled at St. James. This rate applies to current members of St. James Lutheran Church.

Tuition Assistance is available for families unable to pay the full tuition. Applications are available online through FACTS Management Company and all inquiries are managed discreetly. Online Tuition Assistance applications for new students should be submitted with the application for admissions. Tuition assistance applications will be considered throughout the year, if a family's situation changes.

Tuition Policy: If enrollment is canceled on or after July 1, 2027, no paid tuition will be refunded and the family remains obligated for all tuition due for the full fall semester. Similarly, no proration, reduction, or refund of tuition will be granted for partial attendance during a semester. Families who withdraw a student during break or mid-semester and have an outstanding tuition balance must continue making payments in accordance with their selected FACTS payment plan until the full semester obligation is satisfied.

Families considering withdrawal at any point during the academic year should notify the school office in writing as soon as possible. While St. James values its relationships with families and will endeavor to address individual circumstances, advance notice of withdrawal does not automatically reduce or eliminate the family's tuition obligation for the current semester.
