Terms of Warranty:

For Products sold to Users (defined below) in the United States, Canada, or Mexico, and provided that the other conditions of this Warranty stated herein are met, Staco warrants to the User that the Products covered by this Warranty will: (i) conform to the description of such Product contained in Staco's certified drawings and product descriptions ("Staco Descriptions"), and (ii) be free of defects in material and workmanship for a period of twelve (12) months from the date of shipment. This Warranty for Products sold to Users in the United States, Canada, or Mexico covers only the labor and parts to remedy the defect, up to the replacement product cost of the Product; all other costs and expenses with respect to the defective Product shall be the cost of the User. For Products sold to Users outside of the United States, Canada, or Mexico, and provided that the conditions of this Warranty stated herein are met, the Warranty herein shall apply to defective parts only (all other costs and expenses with respect to the defective Product shall be the cost of the User), and for a period of twelve (12) months from the date of shipment. The Batteries used in the Products are covered by Staco's Limited Warranty contained in the Staco Warranty Statement for Single-Phase Batteries for a period of twelve (12) months from the date of shipment.

Warranty Extends to First Purchaser for Use, Non-transferable:

This Warranty is extended to the first person, firm, association or corporation for whom the Product is originally installed (the "User"). This Warranty is not transferable or assignable without the prior written permission of Staco.

Warranty Claims Procedure:

User shall inspect the Product promptly upon receipt. User shall, within thirty (30) days after User's discovery of an alleged defect, contact Staco Field Services at 1-866-261-1191 and notify Staco of the alleged defect. User shall not return the Product with the alleged defect unless authorized by Staco, and all returns must be shipped freight prepaid to Staco at its Dayton, Ohio facility. Staco shall be entitled to inspect the Product to determine the coverage of this Warranty, and Staco, at its option, may accept written reports and photographs supplied by User detailing a claimed defect as evidence to allow coverage of this Warranty. For Products sold to Users in the United States, Canada, or Mexico, if Staco in Staco's sole discretion determines that the Products are defective in material or workmanship within the scope of this Warranty, then subject to the limitations and conditions specified herein, Staco's sole obligation will be to repair or replace, at Staco's option, the Product or part thereof deemed by Staco to be defective. For Products sold to Users outside of the United States, Canada, or Mexico, if Staco, in Staco's sole discretion determines that the Products are defective in material or workmanship within the scope of this Warranty, then subject to the limitations and conditions specified herein, Staco's sole obligation shall be to provide replacement parts. The Warranty herein will apply only after Staco's inspection discloses the claimed defect and shows no signs of treatment or use which would void the coverage of this Warranty. Replacement parts or components ordered by User without an inspection or determination of defect by Staco, or otherwise not in accordance with these procedures shall be invoiced to User at the full current price for such parts and shall be shipped freight collect Ex Works Staco's facility.
