

Your free parental control tools

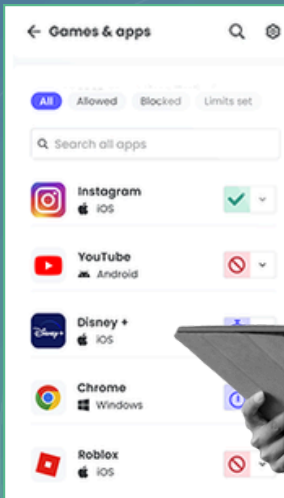

Take control with Qustodio

Trusted by over 6 million families worldwide, Qustodio empowers you to actively supervise your child's online experience. Thanks to our school's partnership with Linewize, you receive a free Qustodio account to manage your child's school device and protect an additional personal device per child.

Stay informed, set boundaries, and ensure their online safety—at no cost to your family.

Protect your child's digital world with confidence—it's simple, effective, and free.

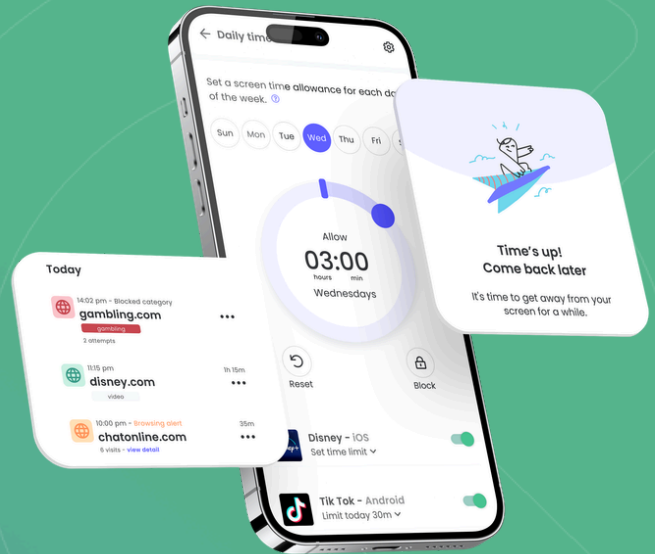

How Qustodio benefits your entire family.

- Enables balanced screen time: Helps your child maintain healthy digital habits by setting appropriate limits.
- Gives peace of mind: Provides real-time insights into your child's online activities, so you're always in the know.
- Customisable to your family's needs: Set rules and restrictions tailored to fit the unique needs of your child, ensuring they have the right level of guidance and a safe online experience.
- Facilitates open communication: Gain valuable insights to have meaningful conversations with your child about online safety and wellbeing.
