

# Welcome Back RMS Senior Class of 2025

RMS was thrilled to welcome members of the graduating Class of 2025 for a Cap and Gown Walk. Former RMS students reconnected with guides, revisited classrooms, and shared stories of their high school journeys. Hugs and memories filled the halls as alumni reflected on their time at RMS and expressed gratitude for the foundation it provided. We're so proud of our alumni and wish them all the best as they head into their next chapter!

# RMCC: Strengthening the Heart of Our School

At the core of Rochester Montessori School’s sense of community is the Rochester Montessori Community Connection (RMCC)—a group of dedicated parents committed to enriching the RMS experience.

The heart of RMCC lies in its volunteers. Their time, creativity, and care bring ideas to life and ensure every event reflects the spirit of RMS. From preparing event spaces to arriving early, staying late, and stepping in wherever needed, their behind-the-scenes work leaves a visible, lasting impact.

Whether it’s planning beloved events like the International Festival, supporting classrooms, or honoring staff during Staff Appreciation Week, RMCC helps foster meaningful relationships and a strong sense of community. These initiatives don’t just create memories—they build connections that endure far beyond the school year.

The reach of RMCC is wide, and its strength lies in the individuals who show up, pitch in, and give generously of themselves. RMS is stronger, warmer, and more connected because of RMCC and the volunteers who make it all possible—for that, we are deeply grateful.

**Guides, parents and children within and connected to the RMS community shared a thoughtfully prepared array of Chinese culture at the RMCC-hosted International Festival. Those in attendance enjoyed art, food, and other customs including a display of traditional Chinese clothing and dance. Thank you to all who contributed their time and energy!**

**Elementary and Middle School students danced the night away at the School Dance hosted by RMCC.**

# Cultivating Curiosity in Every Season

The RMS campus offers daily opportunities to connect with the natural world. As spring and summer arrive, learning and fun naturally extend outdoors. RMS students explore, observe, and engage with the living world.

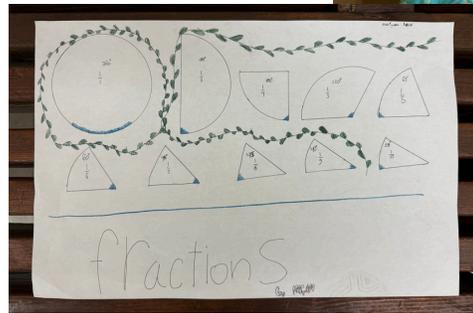

Working in the garden, children witness the full growing cycle—learning firsthand the rhythms of the seasons and the patience of cultivation.

# Many Forms of Meaningful Work

On any given day across the RMS campus, students engage in a remarkable range of meaningful work.

Some examples here include botany, folklore, math, art, and cooking with fractions.
