NAME DAY 2026 Project, "Time To Relax"

WHEN: NAME DAY is October 3, 2026

WHO: NAME members and NAME clubs. Maybe a reason to join or renew if you're not currently a member.

I am registered as a cutter again this year for NAME Day and I am currently taking orders for "Time to Relax". I'm also making kits for accessories.

Orders accepted thru August 15th. Shipment starts in the first week of September. Custom requests are always welcome and are accommodated whenever possible.

This year's kit is an opportunity to showcase your creativity and decorating skills and it's offered in 1", 1/2", and 1/4". The project dimensions in 1" are approximately 8" x 8" x 6". The back wall is double to allow for lighting and the roof is removable for access to the batteries, etc. The Basic Kit comes with parts to build a roombox with a daybed, mattress, floating shelves (not shown), pull-out trays and a pretty arched window with a gambrel roof.

2026 BASIC Kit (above) as presented by NAME and decorated by me. Accessories not included, but some are offered separately.

3D Printed Lampshade

Printed by Alician Pearce, this arrives all white but easily can be painted. LEDS are not included but can be purchased from Evan Designs. I suggest the “Super Bright Solid Mega LED”. It will come with supports to attach the light to the wall, so the roof remains removable.

Set of 3 Small Tables

These 3 side tables, left to right, are 2-3/4”, 2-1/8”, and 2-14” tall. The tall and narrow (right) is the perfect plant stand!
Note: Designs will be engraved instead of cut out in quarter scale.

Sets of Shelves, 2 each

Set A, left, are square with lacy fretwork and Set B, right, are small dainty shelves with room for one book, figurine, or candle. A is 1-3/4” square and B is 1-1/2” x 7/8”.

Note: Designs will be engraved instead of cut out in quarter scale.

Mantel Clock

Choose from 3 styles, A, B, and C. Each will include a variety of clock faces and an acrylic disc for the front.

Note: only available in 1” scale.

Small Side Chair

Can be upholstered on the seat and optionally, the backrest.

APEX TRIM AND SIDES FOR THE FRONT OF THE ROOF, shown in the last left photo below..

Above left, is shown with the basic kit, my clock, table, shelves and lampshade. Floating shelves included but not shown.

Above right, offers side bookcases for the daybed, clock and table.

Above, left, is the option with my add-on walls and built-in shelves, tables, and lampshade. It also shows the Apex and side trims.

Above right, includes the extra walls with built-in's but I left out the daybed altogether and used a beautiful piece of furniture from my stash. It's all about creativity!!
