

National Association of Miniature Enthusiasts

In 2026 we are celebrating NAME's 54th anniversary, so it seems appropriate to list NAME's national conventions, beginning with the first convention in 1973 in Louisville, Kentucky. The earliest conventions were brief events that focused on the business of the organization. They didn't have themes and souvenirs relating to those themes, but over the years the conventions added more features and events to them and have become opportunities for old friends to meet, to make new friends, and to share in the camaraderie that characterizes all of our NAME events. So, enjoy NAME's th annual convention and let us entertain you!

Year	Location	Theme
1972		
1973	Louisville, KY
