2022 was NAME's 50th anniversary, so we turned to Dia Crissey-Baum who created this little pocket house for our Camp Make-A-Mini 2022.

---

Join the Camp Make-A-Mini fun this summer as we build this kit together at this July's Camp Make-A-Mini!

Kit includes everything you need to build a two-room-plus-an-attic "mystery house."

The house slides open like a giant matchbox. There are two rooms and an attic, and the ceilings are etched to allow electrification (but lights and wiring are NOT included). Art for walls, flooring and ceilings are included, as is the exterior artwork.

The kit is made from 1/8", laser-cut MDF, and the artwork is laser printed (so no ink to run!). Interior window frames are also included.

Here are my NAME house from 2022 with antique style furniture.

From Helen Sparks:

This challenge has “challenged” me to finish the previous years’ projects, so maybe I can send more pictures before the month is over. 😊
