

Since the age of 12, July has been dedicated to her craft. She earned her diploma at the Film Actors Academy Amsterdam (faaam) in 2016 and completed an additional master's year in 2019. Over the years, she has continued to train through various workshops and masterclasses, exploring techniques such as Method Acting, Meisner, Stanislavski, and Uta Hagen. For July, acting is a lifelong learning process, physical, emotional, and deeply personal.
