

COMPANY PROFILE

SUSTAINABLE DEVELOPMENT THROUGH GROWTH

MEMBER OF:

BBBEE LEVEL 4

COMPANY OVERVIEW

Isilo Steel is a Proudly South African, Level 4 B-BBEE company which was formed in 2017, and is widely considered a reliable company with a focus on supplying quality products and excellent service.

Our company is primarily a diversified steel supplier that caters for a wide range of clients across a variety of industries. We have geared our business to focus on supply of raw and fabricated steel and Project Management. Isilo is able to target any product market that allows it to create value out of volume. We are not limited to only supplying steel products. We seek to ensure a trading model that remains relevant to the rapidly changing steel environment.

Isilo's Marketing focus to attract new clients is to exclusively build trust relationships with specific end users at a very senior level. By diversifying our approach to the South African steel consumer, we aim to grow our customer base by continuously seeking opportunities and gaps in the industry.

B-BBEE STATUS

By its very nature, Isilo Steel was founded on Empowerment. The company ownership is as follows:

>51% BLACK OWNERSHIP

>37% BLACK FEMALE OWNERSHIP

We are a level 4 B-BBEE compliant entity offering 100% procurement recognition – a B-BBEE rating we are committed to improving each year.

A detailed report on our B-BBEE engagements is available on our website (www.isilosteel.co.za)

PROJECT MANAGEMENT & TECHNICAL ADVICE

REVOLUTIONIZE YOUR STEEL CUTTING WITH OUR 30KW LASER CUTTING MACHINE

Elevate your steel processing capabilities with our high-performance 30kW laser cutting services. Designed for accuracy and speed, our cutting technology delivers clean, high-quality results across a wide range of steel types and thicknesses. With a large cutting bed and advanced programming software, we accommodate complex designs and ensure fast, reliable turnaround times. We work directly from customer drawings (DXF or NC files) to guarantee dimensional accuracy and reduce lead times. Our services support industries including general engineering, earthmoving, and mining, with the flexibility to cut client-supplied materials as needed.

MISSION

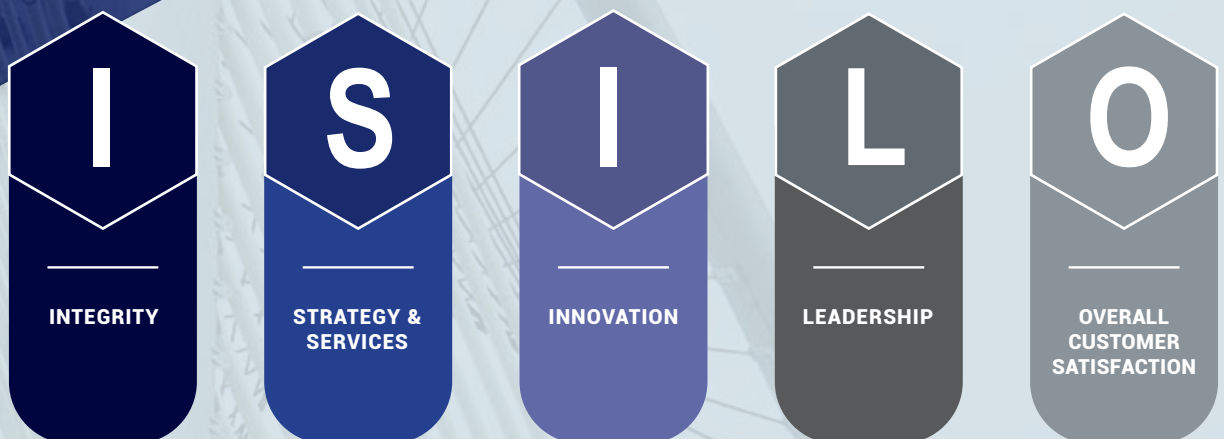

To deliver superior value to our customers, shareholders, employees and society at large.

VISION

To become the industry's most reliable supplier of steel and related products by being consistent and trying to be better than yesterday.

CORE VALUE
