

DUTIES OF A COACH

- Keep in touch with your players / parents on your team.
- Encourage your team to participate in the league fundraiser.
- Keep books / clock after your game.
- Help put goals up / down before your game.
- Make sure parents of your players work their assigned concession time.
- After your game, have your team / parents go through and clean the stands, placing all trash in trash cans.
- Clean up your bench after your game.
- If trash is full, take the full can to the concession stand and replace liners there so we don't have spills on the gym floor.
- Get sizes of shorts and shirts as well as the numbers on the shirts for your team. Obtain this information shortly after you start your practices.
- Enforce gym rules when practicing in the gym. You must enforce these rules to all that enter the gym while you are practicing or not allow them to stay. The coaches are responsible for that gym during their scheduled time, so please follow the rules so we do not lose the privilege of using the gyms.
- No drinks allowed to be brought into the gym except for water with a lid.
- Have fun and encourage your players. Little Dribblers is a stepping stone to learning the sport so make it fun and not a competition. No child should leave with a low self-esteem. Remember we are here to encourage, teach, and help the players to be their very best.
