

Cut Benefit Expenses while adding additional **Employee Benefits!**

Have an annual savings of
\$700 per employee through our
federal FICA savings program

How much could your business save every year?

10 Employees	\$7,000
25 Employees	\$17,500
100 Employees	\$70,000
500 Employees	\$350,000
1,000 Employees	\$700,000
10,000 Employees	\$7,000,000

WHAT WE DO

We offer a free wellness benefit designed to complement — not replace — your existing health coverage. It gives employees access to confidential, no-cost services like physician consults, mental health support, fitness programs, and more — **without copays, claims, or wait times.**

It's easy to implement, boosts employee well-being, and typically **saves employers around \$700 per employee per year** through built-in tax advantages.

It's not a replacement — it's a powerful add-on that supports your team and your bottom line.
