## MI Tri-Share

Did you know that family-run businesses, including agribusinesses, are eligible to participate in MI Tri-Share?

Through MI Tri-Share, the cost of an employee's child care is shared equally among the employer, the employee, and the State of Michigan, making child care affordable for Michigan's working parents.

Any licensed child care provider in Michigan can be used to provide care for children aged 0-12 with MI Tri-Share. This includes, but is not limited to, preschool, traditional child care (full or part-time), before and after-school care, and summer programs/camps.

## INTERNATIONAL ASSOCIATION OF FAIRS & EXPOSITIONS NATIONAL CODE OF SHOW RING ETHICS

*Adopted April 2003 by the Shiawassee County Agricultural Society*

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in the competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows, Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

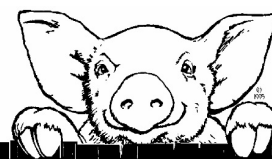

1. When applicable, exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relation thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animals' performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

- 5) Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
- 6) The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
- 7) Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representative, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
- 8) No owner, exhibitor, fitter, trainer, or responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
- 9) The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
- 10) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of the Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceeding or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
- 11) The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understand the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulation, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

## SHEEP EXHIBITION REGULATIONS

- All exhibitors are required to read and abide by the Rules and Regulations in the Exhibitor Book and posted in the barn.
- No Sheep are eligible to show unless exhibitor had the sheep in his or her possession since May 1<sup>st</sup> of the current year. Market lambs may be purchased, but must be owned by the exhibitor, in the exhibitor's possession by May 1<sup>st</sup> of the current year. Breeding stock sheep must be in the possession of the exhibitor by May 1<sup>st</sup> of the current year.
- 2007 M.D.A. RULES: All sheep moved within Michigan shall be identified with official USDA scrapie program identification tags or tattoos prior to movement off the farm (See Rules & Regulations – SHEEP AND GOATS for clarification). Contact the United States of Agriculture (USDA) at 517-324-5294 for ear tags. Do not remove tags prior to weigh in or showing. It is illegal to remove official USDA individual animal identification (including when animal is sold through the fair livestock auction but not going to slaughter).
- A breeding exhibitor may make no more than two entries in each individual class. When entering two individuals, enter the class 2 times.
- All showmanship classes and Best Market Lamb from Own Flock animals must be pre-entered in respective class.
- All breeding sheep shown in group classes must be shown in individual classes.
- A flock is made up of one Ram and two Ewes.
- A pen of four lambs is any combination of four lambs. Both sexes represented.
- Get of sire is four sheep sired by the same ram. Papers will be checked.
- Market lambs shall be ewes or wethers. All male market lambs must be fully castrated (wethers). Entries in the market lamb class cannot be exhibited in breeding classes.
- There is no pen class. As of the 2023 Fair, all market lambs will be shown individually. Each exhibitor is encouraged to start their project with two market lambs. If two lambs are entered, both lambs will be shown as an individual. Exhibitors can only show one ewe and one wether, or two ewes or two wethers.
- All market lambs must be owned and in the exhibitor's possession by May 1<sup>st</sup> of the current year.
- Starting in 2024** – All market lambs will need to be pre-registered. An early check-in Google Form will be shared with all exhibitors after the May 1st deadline of animal possession. The form will be due no later than the second Saturday of May of the show year. All market lambs must be pre-registered by this date. **NO EXCEPTIONS.** The Google Form will be publicized and shared on the fair website and Facebook page. You must fill out the form for each lamb (ex: you are bringing two market lambs, so fill out the form twice, once for each lamb). You'll provide each of the following, not limited to: pictures of the full face; up close, clear pictures of all of the ear tags (both sides of the scrapies tag and any other identifying tags) in the ear of the sheep; two profile pictures of the entire animal (head to tail, both sides). Each exhibitor may enter up to 4 animals. Families may enter animals as family projects with all children's names listed. Animals that have not been pre-registered will not be eligible to show.
- All market lambs will be weighted individually upon arrival to qualify for show and sale (final weight). Lambs will be divided into classes for judging by sex and weight.
- At weigh in, market lambs must weigh at least 95 lbs. and not more than 160 lbs. Exhibitors should weigh their lambs BEFORE bringing them to the fair to minimize under/overweight lambs. Once an animal for exhibit is checked in, weighed, penned and/or stalled, another animal cannot be substituted. Lambs under minimum weight (95lbs.) may not show in the market class but may show in showmanship, if entered. Underweight lambs may not sell in the auction. Market lambs over maximum weight (160lbs.) may show in the market class but cannot be Champion or Reserve. Overweight lambs may sell at the auction at 160 lbs. (not their actual weight). Any lamb underweight or overweight will have the opportunity to re-weigh Sunday after swine weigh-in. It is the responsibility of the exhibitor to remove any underweight lamb by 6 p.m. Sunday if the lamb is not being shown in showmanship. If the lamb is being shown in showmanship, it must be removed Saturday (last day of fair week) after the animal release time.
- All sale animals must be maintained through closing day of fair, unless otherwise stated by the Fairboard or its designee.
- Exhibitors must keep all 4 feet of the sheep on the ground at all times in the show ring.
- Any market lamb having ear tags deemed not necessary for exhibiting at the Shiawassee County Fair may be removed at the time of weigh-in, but after they have made qualifying weight.
- Market lambs winning Grand Champion Ewe, Res. Grand Champion Ewe, Grand Champion Wether, or Res Grand Champion Wether, cannot compete in the Best Market Lamb from Own Flock class.
- Best market lamb from own flock is an animal born from an ewe owned by the exhibitor's immediate family (see Rules and Regulations for definition) and raised by the exhibitor as their project. These animals must be registered and verified on the official form in the exhibitor's guide by the club leader or chapter advisor prior to entering them in the fair. If they are not registered, verified AND entered in class 445 by the entry deadline, they will not show in the class 445.
- Proper attire is required of all exhibitors (see general rules). No sandals, flip-flops, crocs, etc. will be allowed in the show ring or the auction ring.
- All discrepancies in weights must be declared before leaving the scale area. NO re-weights will be allowed AFTER leaving the scale area.

All animals (Beef, Sheep, Swine, Goats, Rabbits) entered in Bred and Owned, from own herd or flock classes must have verification from their club leader/Chapter Advisor/Parent of independent exhibitor that the animal does in fact meet the requirements stated in the Bred and Owned definition. This can be sent (approved signature must be present) with individual entries or club leaders can list all club members that are known to meet the requirements. This verification **must be in the Fair Office by June 15 for the exhibitor to show in a Bred and Owned class.** You may copy this form, obtain a copy from the Fair Office, or find it at: [www.shiawasseeffair.com](http://www.shiawasseeffair.com); it will not be sent, and you will receive no further notification. (Independent exhibitors must also meet this requirement; verification can come from a local 4-H leader, a local FFA leader, the Ag. Teacher in a local school or a department superintendent.) Please return this form to the Fair office.

### ALL CLUBS NEED TO HELP

Decorations, equipment and displays MUST REMAIN IN PLACE as posted in Swine Barn. (see Rules & Regulations for release of exhibit rules)

ALL LIVESTOCK TRAILERS LEFT ON THE FAIRGROUNDS MUST BE PARKED IN THE DESIGNATED AREA BELOW THE HILL SOUTH OF THE LIVESTOCK AREA.

1. All exhibitors are required to read and abide by the Exhibitor Book Rules and Regulations and those posted in the barn.
2. **All ractopamine products (or any products containing ractopamine, commonly known as Paylean) are banned from use at the Shiawassee County Fair for the Swine department. This ban will fall under our current drug testing policy guidelines. Please see Exhibitor Rules and Regulations.**
3. **Exhibitors are responsible for their project hogs being tagged with the NUES premises tags prior to coming to the fair. All Swine must have an 840 tag in ear when arriving to the fair at weigh in time.**
4. All clipped hogs must have a measurable ½ inch of hair over the entire body, including the underline. Ears and tails only may be clipped shorter. \*Clipped hogs with less than ½ inch of hair will be subject to disqualification from the market Show and Sale. All hogs will be checked prior to entering the show ring.  
 \*Hogs going to the packer with less than ½ inch of hair must be hand processed. A significant penalty is imposed on the sale price of these animals, causing an extra expense for the buyer. This is an unfortunate situation that we are attempting to eliminate in order to be as fair as possible to our buyers.
5. Market hogs may be purchased, but must be owned by the exhibitor, in the exhibitor's possession and on feed by May 1<sup>st</sup>. Projects should start with 2 pigs.
6. Swine exhibitors must provide their own feed troughs.
7. Feed must be kept in wooden, plastic or metal boxes.
8. All market hogs will be weighed individually upon arrival to qualify for show and sale (final weight). Hogs will be divided into classes for judging by weight. Ear tags deemed not necessary for exhibiting at the Shiawassee County Fair may be removed at weigh-in, but after they have made qualifying weights.
9. Each exhibitor may have ONE entry of one or two market hogs which must be in possession by May 1<sup>st</sup> of the project year. If two hogs are bought, both hogs will be shown as an individual. Exhibitors can show one gilt and one barrow, or two barrows, or two gilts.
10. All hogs will be sold individually.

**PLEASE NOTE: It is very important that pigs be weighed just before the fair to avoid having underweight pigs come onto the grounds as they will sell at a large discount on the open market.**

11. Each pig must weigh between a minimum of 220 lbs. and a maximum of 290 lbs. Pigs that weigh under 220 or over 290 will be shipped out Sunday evening to predetermined destinations. Every effort will be made to give three options to exhibitors with under/overweight hogs: 1) to send it to a predetermined processor 2) to send it to a predetermined open market for sale or 3) Exhibitors may take their animal home.. Checks in payment for these hogs only will be made out to the exhibitor and sent directly to their home.
12. Youth exhibitors who show an animal in a market class will be eligible to enter Showmanship for that species. All classes must be pre-entered on the fair entry form by the exhibitor, by the deadline; all swine exhibitors are not automatically entered.
13. All Showmanship and Bred and Owned animals must be pre-entered to show.
14. The wash racks will be closed during all swine shows.
15. The Swine barn will be closed to the general public during all swine shows.
16. When hogs are showing, the area around the Clerk's table and the entry into the show ring are to be used ONLY by Superintendents and ring attendants. This will allow access to the ring for exhibitors and promote a smoothy run show.

**17. Exhibitors will be allowed to feed their pigs only during the break of the individual show. The feeding times will be announced by the Swine Superintendent the day of the show.**

18. All sale animals must be maintained through load out, unless otherwise stated by the Fair board or its designee.

Exhibitors with a stall must maintain a horse in that stall until 10 p.m. on Saturday unless excused by the Superintendent for the State 4-H show.
- Exhibitors may exhibit up to five (5) Equine Projects for Monday – Thursday but may only exhibit one project horse in each division: 2 & under, Donkey or Mule, Regular Riding Horse, Snaffle Bit Horse and Miniature Horse. - A \$50 stall cleaning deposit (check only made payable to SCAS) is due upon check-in to the superintendent.
