PROFESSIONAL SERVICES

BASIC SERVICES OF FUNERAL DIRECTOR AND STAFF	**$2,995.00**

Our basic service charge includes, but is not limited to, staff to respond to initial request for service; arrangement conference with family or responsible party; preparation and filing of necessary certificates and permits; shelter of remains; placement of obituary notices in select local newspapers; planning of funeral arrangements; and coordination of service with cemetery, crematory, vault companies and others as required. Also included in this charge are overhead expenses relative to our facilities such as insurance, maintenance and utility expenses, secretarial and administrative cost, and equipment and inventory expenses. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.)

EMBALMING *	**$995.00**

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for embalming, such as direct cremation or immediate burial. This disposition must be made within 24 hours to be in compliance with Oklahoma law. There is no extra charge for bodies with infectious or contagious diseases. In the event these services are performed by a contracted off premise agency, this charge will be listed on the contract under our charges. * If the price charged by the contract agency is higher than those we normally charge then the balance or difference will be listed as a cash advance.

EXPLANATION OF CASH ADVANCES

A "cash advance" is a payment made on your behalf by your funeral director to a third party that has rendered you a necessary service, such as digging a grave, preparing a floral spray for the top of the casket or cremating a body. It is, in fact, a "convenience loan" made to you by your funeral director and is often debited to your funeral account for repayment. This loan is usually made only in the instance that you will be making prompt payment in full of your account. You may, however, make payment of these various obligations on your own behalf.

PAYMENT POLICY

To lose someone can seriously impact judgment. It is important to celebrate the life of someone dear to us when that person has passed, and to make the experience as meaningful as possible. It is also important to be realistic in respect to funeral expenditures. We do not want a family to spend more than they are able to afford. It is important that the arrangements be in keeping with the family's wishes and budget. Even if the funeral expenses are to be shared by several individuals, **the funeral bill must be completely paid prior to the funeral service.**

The following methods of payment are available for your convenience:

Cash or Check	**Major Credit Cards**	**Pre-Need Insurance**	**Valid Life Insurance Policy Assignment**
5% Discount of Funeral	***3% Processing Fee***	*Written through the funeral home.*	**Subject to an Administrative Charge**
