

## THE NEED:

PLEASE BUY  
SMALLER  
QUANTITY,  
INDIVIDUALLY  
PACKAGED  
SUPPLIES. NO  
BULK PACKS  
PLEASE!

There are currently over 11,000 students in Nevada County, and for many of them, school supplies are a luxury. Many arrive at school without a single pencil or notebook, which limits their ability to participate in day-to-day lessons and activities. These school supplies are critical to help students learn and thrive in the classroom. Not only are they more prepared to learn, but it helps increase their class participation as well as their self-esteem. These supplies also benefit teachers, as they can focus on teaching, rather than worrying about the supplies that their students are lacking.

If your business or organization would like to collect school supplies, here are the items needed! Please drop off at Twin Cities Church by July 12.

- 1" Binder**
