Services We Offer

TRADITIONAL FUNERAL SERVICES

Traditional services normally include a viewing with the body present on the evening before or day of funeral services. Mass of Christian Burial, Funeral Services or Life Celebration Ceremonies are held.

CREMATION WITH FUNERAL SERVICE

Cremation with Funeral Service is similar to the traditional funeral service except that after the services are completed, the deceased is then cremated.

CREMATION WITH MEMORIAL SERVICE

Cremation with a Memorial Service is when the deceased is cremated and a memorial service is held either in the funeral home, place of worship or other location with the cremated remains present.

CREMATION WITH GRAVESIDE SERVICE

Cremation with Graveside Services is when the deceased is cremated and services are held at a gravesite with an officiant, family and friends.

CELEBRATION OF LIFE

A celebration of life is held after the burial or cremation of the deceased. It normally occurs a few days after your loved one passes or up to several weeks or months later. Some people choose to have a Celebration of Life on the anniversary of the death of the deceased. A Celebration of Life can be held in the funeral home, or location of the families choosing.

IMMEDIATE DISPOSITION

Deceased is cremated and the cremated remains are returned to the family. There are no services or interment.

OUT-OF-TOWN SERVICES

If your loved one resided out of the area, or needs to be transferred to another city, state or country, we will coordinate with a funeral home in that location to make all necessary arrangements.

ADDITIONAL ASSISTANCE

In addition, our staff assists with the completion of all necessary forms including death certificates, insurance, notification of death, veteran's benefits, social security, etc.

The prices contained in this booklet are effective as of November 1, 2022, but are subject to change without notice. The goods and services shown in this booklet are those we can provide to our families. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

June 1, 2020, we completed construction and combined our former Steelton and Harrisburg locations into one new facility which features single level access, on-site crematory, multiple parlors, private family room and private arrangements conference room, parking for 140+ vehicles and a fully integrated audio and video system.

Our former Steelton location, was founded in 1937, by Joseph A. Wiedeman. Joseph A. Wiedeman was joined in the business by his son, Dennis L. Wiedeman, in 1968. Lisa M. Wiedeman, Dennis' daughter then joined the firm in 1999 and became a licensed funeral director in 2007, making the funeral home one of three generations of service.

Our former Harrisburg location was one of the longest standing funeral homes in Dauphin County and was founded by Jacob Fackler in 1865. It has served the Harrisburg area for over 150 years. The succeeding three generations of funeral directors were Ezra, Samuel, Richard and Robert Fackler (deceased February 18, 2011).

In 1983, Wiedeman Funeral Home, Inc., acquired Fackler Funeral Home and formed Fackler-Wiedeman Funeral Home.

Payment Options

Losing someone you love is a devastating experience. It can be very traumatic and seriously impact one's judgement. Therefore, it is important to be realistic with respect to funeral expenditures.

One of the most important responsibilities we have to each family we are privileged to serve is to listen and bring your emotional and financial needs together, whatever the circumstances may be. We do not want your choices to be more than is affordable, nor less than you would like to arrange.

We will listen to your needs. We pride ourselves on not offering "packages" where families are only allowed to purchase from those packages and may not want or need something that is included in that package. We prefer to offer a range of a la carte services and merchandise so that families are only selecting those items which they desire.

We understand the importance of a meaningful service and are here to assist you in any way we can. As part of our consultation with your family, we will discuss the different available payment options. Our goal is to ensure that the services and merchandise you select will be in keeping with your wishes, as well as your budget.

Wiedeman Funeral Home and Cremation Services, Inc., has established the following uniform payment policy. This payment policy enables us to keep the cost down for all the families we serve, as well as treat everyone fairly.

METHODS OF PAYMENT ACCEPTED:

We accept the following forms of payment:

- Cash
- Check
- VISA, Mastercard, American Express
- Insurance Assignment

CREDIT CARD PAYMENTS:

If the family opts to use a credit card for payment, charges over \$500.00 will incur a 3% service fee to cover the fees assessed by the credit card company.

Credit card payments may also be made online through our website at wiedemanfuneralhome.com.

BILLING POLICY:

Our funeral home will mail a final statement 7-10 days after the services are concluded.

It is our policy that 30 days after the date of the funeral, payment is due in full if there are sufficient assets to cover the bill or an insurance assignment to the funeral home is given. If there are no assets or insurance, payment is due at the time of service.

Wiedeman Funeral Home & Cremation Services, Inc. reserve the right to charge 1% per month for any charges not satisfied within 30 days.

INSURANCE ASSIGNMENTS:

We accept insurance policy assignment, under the following conditions:

- The policy must be verified by our staff to be in force

- The policy must be assignable, and payable to Wiedeman Funeral Home & Cremation Services, Inc.

LENDING USA:

If a family wishes to secure a loan, we offer a program through

Lending USA which provides loans specifically for funeral expenses. Our funeral directors can provide you with information on this program. For more information on the Lending USA program, please visit our website.

ADDITIONAL OPTIONS:

We do not finance or extend credit. If a long-term payment plan is desired, a bank, credit union or loan company of the family's choice shall be used to provide payment.

CASKET SELECTIONS

Our funeral home is pleased to offer caskets from Batesville Casket Company (www.batesville.com). The company is based in Batesville, Indiana. The quality and selection of their products is exceptional. They have been serving funeral homes and families for over 100 years.

This page will describe some of the specific features of a casket to better help you understand some of the terms that are used. All caskets pictured on the following pages are available full couch, meaning the entire lid opens

When a family purchases a Batesville casket, our funeral homes will arrange for a tree to be planted through Batesville's Living Memorial® program.

Since its inception in 1976, it has become a major contributor to reforestation with more than 11 million trees planted as a lasting memorial to loved ones. With every Batesville casket, urn or cremation container purchased, Batesville's special agreements with various government agencies arrange for a tree seedling to be planted in selected woodlands throughout the world. More than just a fitting tribute, this program provides for trees that shelter our wildlife, reduce

water and wind erosion, and contribute to the purity of the air we breathe. It's a way to honor your loved one with a lasting memorial while helping the environment. The Living Memorial program helps ensure that future generations will know the beauty of a green planet — a lasting legacy to a life well lived.

The Charpente interior system is a tailored framework that fastens the overlay of the interior over the casket edges for a cleaner appearance and to allow a clear view of the personalized corner selections. More of the exterior of the casket is viewable.

Each Batesville casket is equipped with a compact, leak-resistant compartment that is threaded into a corner of the casket. For any reason the casket is disinterred, the Memorial Record System is assured to stay intact, making identification much easier and less traumatic for families.

Many states, including Florida and Louisiana, now require caskets to have a means of external identification and have approved Batesville's Memory Record System for this purpose. Natural disasters bring trying times for entire communities. No family should undergo the

additional stress or trauma that is brought on by a loved one's casket being re-opened. That's why Batesville develops their products with the family's comfort and satisfaction in mind. The Memorial Record System is another reason families can rest assured their loved ones' remains are secure.

Cathodic Protection, a Batesville exclusive, is a proven rust prevention technology which has been used for years. It is used in many industries where steel is threatened by corrosion, such as in underground pipelines, ship hulls, water tanks, ocean piers, water heaters and other steel items which are in constant contact with water and corrosive elements.

Batesville's stainless steel, 16 gauge and many 18 gauge models are enhanced with the patented cathodic process, which inhibits the formation of rust on the outer surfaces and extends the corrosion-resistance by 2.5 times.

Additional options are available online and in a catalog.

Adult Burial Enclosures

Adult burial enclosures are an integral part of a proper interment. Burial enclosures can be defined as a container that enclose a casket in the grave. Their purpose is another level of protection of your loved one. The burial enclosure is placed in the grave and then the casket is lowered into the burial enclosure. Adult Burial enclosures are constructed of various materials from concrete to polystyrene, steel, galvanized steel, copper and bronze. An adult burial enclosure provides protection to the casket and the weight of the ground. Many adult burial enclosures seal, some do not. Below is a description about sealing properties.

Our funeral home works together with Lancaster based, family owned and operated Evans Burial Vaults (www.evansburialvaults.com). A few options of burial vaults are constructed on site at Evans. Other options we offer are manufactured by Eagle and Clark Burial Vaults, both of these companies are based in the United States of America.

UNDERSTANDING AIR PRESSURE

Air pressure inside an inverted glass will not allow the water level

to rise more than a fraction of an inch. Perhaps you have seen this effect in your kitchen sink. A Clark Grave Vault protects its contents using the same principle. Its dome-shaped design allows air pressure to build, keeping moisture out.

THE WAY VAULT SEALS WORK

By using a butyl rubber sealing compound, it hermetically bonds the V shape base and cover into a single moisture resistant unit.

CUSTOMIZED NAMEPLATES

Included with the vault purchase is a customized nameplate which are adhered to burial vaults, which are available on all models of vaults beginning with the Sentinel option and above. They are able to be completely customized to meet the beliefs, hobbies and interests of your loved one. Perhaps your loved one served their country with pride, had a garden which they treasured or celebrated their ethnic heritage. Whatever they enjoyed, a plate can be fully customized to include their name, year of birth and year of death. In addition, you can include a photo, special verse, poem or quote.

A keepsake framed memorial plaque is included with the

purchase of any vault from the sentinel and above. Additional keepsake plaques can be purchased for \$50.00 each. Below are some actual samples.

DISCLAIMER

Our funeral home makes no representations or warranties regarding outer burial containers. The only warranties, expressed or implied, granted in connection with goods sold with this funeral service are the express written warranties, if any, extended by the manufacturers thereof. No other warranties, including the implied warranties of merchantability or fitness for a particular purpose, are extended by the seller.

A Special Offer for Veterans

We are pleased to offer an additional benefit to Veterans who choose to be interred in Indiantown Gap National Cemetery.

For those Veterans who choose to use Indiantown Gap, we now offer a discounted Guardian Veteran's Vault for \$950.00 (regularly \$1475.00) as another option for burial. Indiantown Gap National Cemetery currently offers a concrete grave liner at no charge to Veterans. This is available to all Veterans who qualify for burial at the Gap. The Guardian Burial Vault is a top seal vault, painted battleship gray and includes a colorful flag emblem.

Some of the advantages to the Guardian Vault versus the Concrete Liner include:

SEALED

The Guardian Veteran Vault is sealed, providing protection from groundwater and other earth materials which will penetrate the grave liner;

STRUCTURALLY STRONGER...

The Guardian Veteran vault is designed to be structurally stronger and will provide better protection over time even withstanding pressures caused by heavy cemetery equipment (i.e. backhoe, trucks, etc.)

DIGNIFIED TRIBUTE...

The Guardian Veteran Vault is painted with a flag emblem providing a dignified tribute for our veterans and family members.

The Guardian Veteran Vault is eligible for reimbursement from the government (currently approximately \$302.00) for the cost of the grave liner allowing the veteran and family to take full advantage of this benefit.

At the rising sun and at its going down; We remember them.
At the blowing of the wind and in the chill of winter; We remember them.
At the opening of the buds and in the rebirth of spring; We remember them.
At the blueness of the skies and in the warmth of summer; We remember them.
At the rustling of the leaves and in the beauty of the autumn; We remember them.
At the beginning of the year and when it ends; We remember them.
As long as we live, they too will live, for they are now a part of us as We remember them.
When we are weary and in need of strength; We remember them.
When we are lost and sick at heart; We remember them.
When we have decisions that are difficult to make; We remember them.
When we have joy we crave to share; We remember them.
When we have achievements that are based on theirs; We remember them.
For as long as we live, they too will live, for they are now a part of us as, We remember them.

God's Garden

God looked around his garden
And found an empty place.
He then looked down upon the earth,
And saw your tired face.
He put His arms around you
And lifted you to rest.
God's garden must be beautiful,
He always takes the best.
He knew that you were suffering,
He knew that you were in pain.
He knew that you would never
Get well on earth again.
He saw the road was getting rough
And the hills were hard to climb.
So He closed your weary eyelids
And whispered "Peace be thine."
It broke our hearts to lose you
But you did not go alone.
For part of us went with you
The day God called you home.

The Twenty-Third Psalm

The Lord is my Shepherd; I shall not want.
He maketh me to lie down in green pastures:
He leadeth me beside the still waters:
He restoreth my soul.
He leadeth me in the paths of righteousness
for His name's sake ...

Yea, though I walk through the valley
of the shadow of death,
I will fear no evil: for Thou art with me;
Thy rod and Thy staff they comfort me.
Thou preparest a table before me
in the presence of mine enemies:
Thou anointest my head with oil;
my cup runneth over ...

Surely goodness and mercy shall follow me
all the days of my life:
And I will dwell in the house of the Lord forever ...

While the video will be played during the services, it can also be played in the comfort of your home. In addition, a link to it can be placed on our website.

Family and friends provide photos in one of 3 ways:

- Hard copies of photos are given to the funeral home to be scanned (original photos will be returned to the family)
- Our graphic designer will provide a link to the legal next of kin or appointed family member to upload photos electronically
- Photos may be emailed to our graphic designer
- Photos can be provided on jump drive or disc.
- Photos may be uploaded and shared via dropbox or google photos.

Our in-house designer will then take the photos and create a fully custom memorial video that can be playing during the viewing/visitation, memorial service or at the gathering at the conclusion of services. Our designer will crop, photoshop, provide transitions of the photos as well.

Family can select a theme (military, gardening, beach, golfing, fishing, hunting, lighthouses) and can also select up to 5 songs for the

background (longer videos may require additional songs). If the family would like our designer to choose, we can do that as well.

Once completed, the family will have an opportunity to review before it is finalized. Once approved, it can be placed on our website under your loved ones obituary for persons to view that aren't in attendance. One copy of the DVD is provided to the family to keep.

Additional copies of the DVD can be purchased as well. Please ask our staff for more information. Concerned about photo quality??...speak with a member of our staff regarding photo guidelines.

*** Please note, all photos must be received/ uploaded by the funeral home 3 days before services to allow for production time. Additional time requirement for larger amount of photos may be required.**
