IN GRATITUDE…

The Snoqualmie Valley Mobility Coalition welcomes and values all community members’ individual experiences and identities with respect and honor.

The SVMC encourages everyone to participate, regardless of ability. We are committed to listening, learning, and improving within these processes.

The SVMC acknowledges our work takes place on the traditional lands of the Snoqualmie and Coastal Salish Tribes, among others, as the first people of this valley. We honor, with gratitude, the land itself and the past, present, and futures of these tribes.

REGIONAL OUTREACH AND BRAINSTORMING

BEBHINN GILBERT

PROGRAM SUPERVISOR, KING COUNTY MOBILITY COALITION

SVMC DECEMBER MEETING
Goals for today

1. Introduce the county-wide project
2. Brainstorm together to see where Valley needs and priorities meet with county-wide
The King County Mobility Coalition uses Action Plans as an essential tool for aligning our work with community needs. They are our roadmap for identifying next steps, coalition priorities, and potential projects.

This process is going to develop a three-year Action Plan based on findings from the 2021 Community Transportation Needs Assessment, community outreach, and coalition member input. This process will include convening advisory meetings, soliciting comments from a panel of reviewers, and engaging with aligned coalitions and community groups.
