

King County
MOBILITYCOALITION
Access to Health and Wellbeing Committee

Our Mission:

The KCMC Access to Health and Wellbeing Committee's mission is to improve access to medical care via transportation resources and services for residents in King County. We achieve this mission through education, coordination, and advocacy to address transportation gaps and barriers in accessing healthcare.

Our Strategies:

1. Create localized travel tools for medical facilities to educate staff and patients of their transportation options.
2. Explore new opportunities to improve medical transportation by coordinating with existing networks.
3. Foster dialogue with healthcare professionals and transportation providers.

Our Meetings:

Interested in improving access to medical care? You are welcome to join us! This workgroup meets on the first Wednesday of every other month (starting in February) from 9:30am to 11:00am online via [Zoom](#). [Contact Lyn McCarthy](#) (KCMC Program Supervisor) for more details.

Want to Learn More?

We are always looking for new partners and members who share our passion for access to health and wellbeing. You are welcome to attend one of our meetings or contact us to learn more.
