Who we are and what we do

The King County Mobility Coalition (KCMC) is a cross-sector group that brings together individuals and organizations to improve mobility for all.

We develop strategies, tools, and projects to improve mobility for people with unique needs.

We:

- Share Information
- Assess needs
- Provide recommendations
- and educate decision-makers, community groups, and the general public

The KCMC Welcomes Everyone

The King County Mobility Coalition welcomes and values all communities. We value, respect, and honor the identity and experience of all members.

We encourage everyone to participate, regardless of ability. We are committed to listening, learning, and improving in this process.

We acknowledge that the work we do takes place on the traditional land of the Duwamish, Muckleshoot, Snoqualmie and other Coast Salish peoples, as the first people of this county. We honor with gratitude the land itself and past, present, and future of these tribes.
