2022 NORTH KING COUNTY MOBILITY COALITION SATISFACTION SURVEY

*Julio Perez*—North King County Mobility Coordinator

To better understand what is working and what areas need improvement, the *2022 Hopelink Mobility Management North King County Mobility Satisfaction Survey* is now available.

Attendees were given seven minutes during the meeting to fill out the survey.

**About the Survey:**

- Your answers are completely confidential and anonymous.
- It will take about 5-10 minutes to complete.
- Your feedback is valuable whether you have attended once or multiple times a year.
- This survey will help us identify what is working and what areas need improvement.
- Survey is available until November 24, 2022

SHORELINE COMMUNITY COURT REOPENING

*Karra Wilson*—Community Court Coordinator

Community court is a voluntary therapeutic court program that provides rehabilitative and human services to individuals navigating the criminal justice system.

The Community Court's mission is to use public resources more productively in reducing crime through service provision and increased community engagement and connection.

Who do we serve:

- People experiencing homelessness
- Experiencing economic instability
- People with disabilities
- Mental health disorder
- substance disorder
- Mental health disorder

Community Court is located in a neutral space, offers a sense of safety, and reduces the stigma associated with a courthouse.
Community partners include healthcare, education, job training, behavioral health, housing, lifeline phones, and transportation.

- Community Court’s reopening is on December 6, 2022.

**Question & Answer**

*Bree*: What type of requests are coming from Community Court, and how can we support.

*Karra*: clients with mobility issues cannot get to court easily. Clients do not have reliable transportation, and some people have cars but do not have money for gas. Community Van may be a good opportunity to be a volunteer driver to help residents get to the court.

*Julio*: Is there a limit on how many organizations can table during the event?

*Karra*: Open invitation, depends on how many folk RSVP; looking for 15-20 providers, and attendees maybe around 60. Leadership will also be present.

**PARTNERSHIP MAPPING**

*Julio Perez*—North King County Mobility Coordinator

Julio discusses partner mapping and how feedback from the survey will help map out new partnerships. When partners present at the North King County Mobility Coalition meetings, Julio would love to see partners from different organizations attending to provide more perspectives during discussions. Partnerships can strengthen information exchange, resource allocation, and trust among key stakeholder groups.

The goal is to build stronger partnerships and work towards achieving goals in our Coalition Workplan FY2023 priorities.

Julio is looking to build partnerships with tribes, non-drivers, community members, city representatives, people with disabilities, schools, and organizations that serve BIPOC communities.

During outreach, Julio has been making great connections. New Mobility Education and Outreach partners include Casa Latina and International Community Health Services.

*Karra* shares that Daybreak cultural center and Seattle Indian Health Board are great places to provide residents in urban areas with resources.
