A transportation network that allows all people to move freely around North King County and the surrounding area.

December 15, 2022
NKCMC Welcomes Everyone

The North King County Mobility Coalition welcomes and values all communities. We value, respect, and honor the identity and experience of all members.

We encourage everyone to participate, regardless of ability. We are committed to listening, learning, and improving in this process.

We acknowledge that the work we do takes place on the traditional land of the Coast Salish, Stillaguamish, and Duwamish peoples, among others, as the first people of this land. We honor with gratitude the land itself as well as the past, present, and future of these tribes.

CROSS-COUNTY TRANSPORTATION UPDATE

By Julio Perez
ABOUT THE PROJECT

• Goal
  • The goal of this project is to allow people to move freely across county lines with ease by conducting an environmental scan identifying and advocating for improvements in travel between King and Snohomish Counties.

• Three to five, second-year Master of Public Administration (MPA) students
  • Approximately 10-12 hours/week to their selected project over a five-month period.

REGIONAL OUTREACH AND BRAINSTORMING

BEBHINN GILBERT

PROGRAM SUPERVISOR, KING COUNTY MOBILITY COALITION

NKCMC DECEMBER MEETING
Goals for today

1. Introduce the county-wide project
2. Brainstorm together to see where North King needs and priorities meet with county-wide
The King County Mobility Coalition uses Action Plans as an essential tool for aligning our work with community needs. They are our roadmap for identifying next steps, coalition priorities, and potential projects.

This process is going to develop a three-year Action Plan based on findings from the 2021 Community Transportation Needs Assessment, community outreach, and coalition member input. This process will include convening advisory meetings, soliciting comments from a panel of reviewers, and engaging with aligned coalitions and community groups.
Coalition Lifecycle

Needs Assessment → Action Planning → Take Action → Needs Assessment

KING COUNTY COMMUNITY TRANSPORTATION NEEDS ASSESSMENT

Ways to Engage

Today

• Bold Brainstorming
• All upcoming subregional meetings will discuss strategies

Advisory Meetings

• January: Ease Impact Mapping
• March: Narrowing and early prioritizing

Future KCMC meetings

• February: review draft strategies
• May: vote for adoption
Regional Needs (shared so far)

• Expanded service hours
• Connection to regional cities
• Transit Infrastructure
  • Includes pedestrian access
  • Lighting, seating, shelter, safety
• Cross county transportation is largely inconvenient, difficult
• Cost as a barrier to mobility

What else?
What **bold** and **transformative** steps should we choose to guarantee success – so that all people may move freely around King County and the Puget Sound Region?
What barriers do we need to eliminate, so that mobility can become a resource for all?
How might we improve coordination in our transportation network?
What structures do we need to invest in to increase mobility in King County? The region?
What opportunities do you see for making progress on this challenge?
